Union Leaders Have Accepted Towboat Pact

VANCOUVER (CP) — Some 400 west coast towboats and their 1,150 officers and engineers could be back at work early next week if a contract settlement endorsed by union negotiators is accepted by the membership.

Result of voting by the members of the Canadian Merchant Service Guild on the offer, reported to be 26 per cent over 2½ years, is expected by Friday night.

Federal mediator William Kelly said the settlement will bring about "major improvements in the working conditions of the towboat men."

"It will drastically reduce the hours of duty required of the masters and officers which have been bitterly complained about."

Provision of a minimum six-man crew on all large, continuously-operating tugs, which at one time was a main union demand, is believed not included in the offer.

Meanwhile, a conciliation board is hearing a dispute between the British Columbia Towboat Owners Association, which represents 53 companies, and the Seafarers International Union which has 250 members working on the tugs.

The association said Tuesday, however, that the SIU "generally goes along with what the guild gets." Current guild pay rates range from \$583 a month for the mate of a small tug to \$980 for the captain of a large one.

Increases for these categories will range from \$170 a month to \$288. New regulations covering most of the bitterly-fought safety issues including design and construction of the boats, accommodation and work practices, are to be announced in the Commons today by Transport Minister Don Jamieson.

In another development, an appeal was launched Tuesday against the six-month jail sentence imposed on chief guild negotiator Capt. Arnie Davis last Thursday for contempt of a B.C. supreme court injunction banning picketing.

Two hotels whose waitresses and bartenders struck Monday continued to operate with non-union labor crossing picket lines.

Forty-five other hotels in the Lower Mainland and Fraser Valley, excluding Vancouver, have served lockout notice effective 9:30 a.m. Thursday.

One bright spot showed up Tuesday—a second car rental agency struck five months ago by 40 members of the Office and Technical Employees Union seeking a first contract, was reported ready to sign.

And the B.C. Employers' Council estimated that as many as 150,000 people in B.C. may be jobless, out of a total population of 2,000,000.

The company said it signed on its own because there was

Strike Has Idled 20,000

The strike which started May 4, has thrown out of work 20,000 men in the forestry industry either through layoffs because of lack of raw materials usually handled by tugs, or because they refuse to cross towboat picket lines.

It followed nine months of negotiations and rejection of a 21 per cent pay increase over three years. A secret DOT report leaked to the press by the guild stated 80 per cent of the tugs and half the men were exposed to unsafe, dangerous conditions.

In another long-standing dispute, the Construction Labor Relations Association said Tuesday night it will appeal a court decision which denied it an injunction killing a contract signed by a member firm with the plumbers union.

Atlas Installations Ltd. signed a contract after the CLRA locked out the plumbers and eight other construction unions in April, while a 10th union struck. More than 10,000 workers have been idled.

The company said it signed on its own because there was

More Than 2,000 Fighting Forest Fires On Prairies

By THE CANADIAN PRESS
More rain and cool weather were forecast today across fire-scarred timberland in northern Saskatchewan and Alberta, but precipitation was expected to be light and accompanied by lightning in some cases.

More than 2,000 men continued battling 69 fires in Alberta and 90 in Saskatchewan, while Alberta forestry officials faced the threat of new fires in the tinder-dry Rocky Mountain foothills.

Lightning has been responsible for most of the fires that have ravaged timber in northern areas of both provinces in the last two weeks. Most blazes now are considered under control.

Rain fell Tuesday night and early today in scattered areas

Site For Benson's Meeting Changed Because Of Strike

A public meeting in Penticton with federal Finance Minister Edgar Benson has been moved to a school because the Canadian Union of Public Employees' strike.

Originally scheduled for the Peach Bowl Friday, the meeting has been moved to Penticton Senior Secondary auditorium over the objections of chamber of commerce past president Ray Dewar.

"Individuals and groups have the right to decide whether they wish to support the people on strike," Mr. Dewar said.

Copper Smelter Seen For B.C.

VICTORIA (CP)—Mines Minister Frank Richter said Tuesday he expects Japanese interests will propose within two months to put up British Columbia's first copper smelter.

He said he has received inquiries from a Japanese consortium but gave no details.

The minister said he is not satisfied that smelting methods used in Japan meet B.C. pollution standards "but this will be a subject of discussion with the Japanese."

MOTHERS LIKE TOGETHERNESS

Happiness is two litters of kittens at once, and two-year-old Barbie Lynn Hossack seems to revel in the dual midwife role under the watchful feline eyes of mothers Tigger, right, and Mittens, left. Belonging to Mr. and Mrs. W. E. Hossack, 1080 Lawrence Ave., the cats had four and three kittens respectively Sunday and Monday, and don't seem to mind the helpful intrusion by Barbie. Both mothers are reportedly doing fine, although there's no word yet on the fathers. (Courier photo)

Postal Talks Are Delayed Need More Preparations

OTTAWA (CP) — Treasury board and postal union negotiators have delayed today's scheduled bargaining meeting, saying they need more time to prepare their positions.

Spokesmen for both sides said the delay was mutually agreed on and they will meet at 10:30 a.m. Thursday rather than at 2:30 p.m. today. Meantime, both sides will caucus separately to prepare future bargaining strategy.

Union leaders came out of the meeting verbally picturing themselves as frontline warriors in labor's battle against the wage restraints.

And C. M. Drury, president of treasury board, also made it

Enemy Around Siem Reap Driven Back By Cambodians

PHNOM PENH (AP) — Cambodian troops pushed back North Vietnamese and Viet Cong forces around Siem Reap and re-opened the airport to replenish their dwindling supply of food and ammunition, the Cambodian command reported today.

A military spokesman said North Vietnamese and Viet Cong forces were still around Siem Reap and hit the provincial capital 185 miles northwest of Phnom Penh with harassing fire Tuesday night.

The spokesman reported that in fighting since early Saturday, 20 government troops had been killed, about 30 wounded and 44 Viet Cong and North Vietnamese bodies were left on the battlefield. There was no official report on civilian casualties, but persons arriving from Siem Reap Tuesday said at least 21 were killed.

North Vietnamese and Viet Cong forces also continued their harassment of Kompong Thom, another provincial capital 80 miles north of Phnom Penh on the highway to Siem Reap and Angkor. But the heavy pressure on Kompong Thom last week appeared to have eased.

A heavy Viet Cong attack was carried out before dawn today in southern Cambodia, on a military post near Kompong Som, the country's chief port formerly known as Sihanoukville. But the garrison apparently held on.

NEWS IN A MINUTE

U.S. Consul Official Killed
WASHINGTON (AP)—An American staff member of the U.S. embassy in Amman has been killed in the fighting raging over that Jordanian capital, the state department reported today. Press officer John King told a news conference the man's identification was being withheld until his family in the United States had been notified.

Hockey Franchise In Limbo
MONTREAL (CP) — Oakland Seals' National Hockey League franchise remained in limbo today as Charles O. Finley failed to appear before the league governors. Clarence Campbell, NHL president, told a noon news conference that neither Finley nor his representatives had approached him, although Finley was reported to be in Montreal.

Key Laotian Town Captured
VIENTIANE (Reuters)—North Vietnamese troops have occupied the last major government-controlled town in southern Laos, informed sources said today. They said the North Vietnamese captured the key town of Saravane Tuesday. Government forces in southern Laos were reluctant to organize a full-scale operation to retake it because of "a very heavy presence of enemy forces" in the area.

BASFORD HINTS

Ottawa To Act If Drug Prices Are Not Lowered

OTTAWA (CP) — Consumer Affairs Minister Ron Basford hinted today at direct federal intervention to bring down retail drug prices if co-operative efforts with the provinces fail to work.

"However unpleasant it might be to intervene more directly in the market place, it may prove necessary, in order to meet the paramount objective—lowering of excessive costs," he said.

Big Potential For Minerals Says Laing

VANCOUVER (CP)—Western Canadians must wake up to the tremendous potential for mineral resource development in the North, Arthur Laing, federal public works minister, said Tuesday.

He told a service club that the entire metal production of Canada's north was \$35,000,000 three years ago but will reach \$250,000,000 this year and will exceed \$1,000,000,000 by 1980.

"I don't think that Vancouver, as Canada's principal Pacific port serving two-thirds of the world's population, really appreciates what northern resources development can mean to this city in a world that is running short of natural resources," he said.

Flooded Mine Has Trapped 44

PRAGUE (AP) — Forty-four Czechoslovak miners are trapped in a flooded coal mine near Hodonin in southern Moravia, Prague radio said today.

The broadcast said rescue teams had arrived from as far away as northern Moravia in attempt to save the men, trapped Tuesday night when downpour rains flooded an open-pit mine so suddenly the men were unable to leave.

Picketer Ends Hotel Vigil

A lone picket who unsuccessfully attempted to stop the Willow Inn renovation Tuesday did not return today to continue his vigil.

A hotel spokesman said an injunction to stop the picket's activities was granted and served at 2:30 p.m. Tuesday. He left without identifying himself.

A. J. Barnes, president of the Building and Construction Trades Council ordered workers at the site to return to the job after the man refused to identify himself or name the union he represented.

Police Station In New York Ripped By Bomb

NEW YORK (AP) — Seventeen minutes after an anonymous caller telephoned a bomb threat, a powerful dynamite blast ripped through the second floor of police headquarters Tuesday night. Eight persons were injured, none seriously.

"There is a bomb set to go off at police headquarters," the unidentified male caller said and hung up. The time was 6:40 p.m. EDT.

About 150 persons were at work in the fortress-like, 61-year-old structure at the time—most of them in the fourth-floor communications centre. Emergency units sped to the building and began a search.

At 6:57 p.m. the bomb—estimated to have contained 10 to 15 sticks of dynamite—exploded in a men's room, destroying several nearby offices and shattering windows in the five-story structure.

DESPISE CEASEFIRE Still Fighting In Amman

By THE CANADIAN PRESS
Fighting still raged today in Amman despite an early-morning ceasefire between King Hussein of Jordan and guerrilla leader Yasir Arafat aimed at ending the fighting between their forces in the Jordanian capital. Meanwhile, a band of extremist guerrillas held 32 foreigners hostage in an Amman hotel.

Guerrilla reports reaching Beirut, Lebanon, said a Jordanian armored unit moved back from the Jordan River front with Israel today and shelled a refugee camp on the outskirts of Amman where several guerrilla organizations have their headquarters.

Guerrilla spokesman also said one of their supply bases and

that the Jordanian army was bombarding Palestinian refugee camps around Amman, causing many deaths. The guerrilla spokesman said the safety of the hostages could not be guaranteed if these attacks continued.

Neeld's report apparently was sent before the broadcast announcement of the Hussein-Arafat agreement. Communications with Amman were sharply curtailed.

The hostages in the Intercontinental included 14 Britons, three West Germans, 14 Americans and the Lebanese. All were registered at the hotel.

Neeld said the hostages were free to do as they pleased inside the hotel and none was ill treated.

Talk More And Enjoy Less Theme For Manufacturers

MONTREAL (CP) — For the 99th annual convention of the Canadian Manufacturers' Association it was a case of talking more and enjoying it less.

The 8,000-member association, often called the Parliament of Industry, met in what it called a "serious mood."

In two days of meetings ending Tuesday, delegates heard of the problems facing industry—everything from increasing demands for social involvement to the squeeze on corporate profits caused by voluntary price restraint and continuing wage demands by labor.

Retiring president L. F. Willis warned that industry, bound by agreement with the Prices and Incomes Commission to hold down prices and badgered by falling profits, can no longer accept the hefty wage demands of labor.

He appealed for a "little realism" on the part of the unions to help hold down costs and said that labor, no less than Canada, will be the loser if they do not.

Delegates also heard:

—President Charles Neapole of the Montreal Stock Exchange say that federal white paper taxation proposals are "the greatest deterrent to foreign investment in Canada."

—President A. H. Crockett of the Bank of Nova Scotia say that "Canada will have to continue to supplement its domestic savings by relying on investment and borrowing from abroad."

—H. I. Macdonald, deputy treasurer for Ontario, say that foreign investment will continue to be required to maintain an adequate growth rate, but likely

Ban On Mutton From Australia

CANBERRA (Reuters) — Canada has placed a ban on Australian mutton imports, Primary Industries Minister Douglas Anthony told Parliament today.

Anthony said the Canadian ban and an earlier ban placed by United States authorities on Australian mutton would affect about 40 per cent of Australia's mutton exports.

Canada imposed the ban for the same reason as the American authorities—the presence of some organisms in the mutton.

The organisms were not considered harmful to humans, the minister said.

"The Canadian minister for agriculture has informed us that no further shipments of mutton from Australia will be permitted until inspection standards have been brought up to U.S. standards," Anthony said.

NAMES IN NEWS

Premier Of Saskatchewan Is Fed Up With Strikes

Premier Ross Thatcher, angered at strikes that have tied up construction work in Saskatchewan for two months, has threatened to call the legislature into emergency session. He said the proposed special session could be asked to pass law "more stringent" than the Essential Services Emergency Act, a controversial labor law passed four years ago. The premier held a hour-long meeting Tuesday afternoon with representatives of the striking plumbers and pipefitters union and the building contractors and said the situation is serious.

ROSS THATCHER
... special session

Prime Minister Trudeau told the Commons Tuesday that a report the government passed wage and price controls is false, and Industry Minister Jean-Luc Pepin attributed the report to a slip of the tongue. Opposition Leader Robert Stanfield asked the prime minister to confirm a press report quoting Mr. Pepin as saying the government was planning to announce wage and price controls "in a few days."

Mr. Trudeau answered that controls are not government policy and that the government is not working on such controls.

Marshmallows and slogans rained down on Vancouver city council Tuesday as The Action Committee for Unemployed Youth (TACYU) and supporters protested a decision to supply police with 150 extra riot sticks. They said the marshmallows represented stones. Mayor Tom Campbell had ordered the \$850 purchase of

three-foot riot sticks as head of the police commission, overriding a council vote to defer the purchase. "Democracy, not Tom's Clubs," read some of the protesters' placards. On the steps of city hall one youth in a helmet with a face shield, supposedly a police officer repeatedly hit another youth on the head with a long, red balloon.

A Chase, Mich., man embarked last month on a 10,000-mile anti-pollution protest march from Alaska to Tierra del Fuego at the tip of South America arrived at Dawson Creek Tuesday at the end of the march's first leg. Andrew W. Horlko, 48, said he averaged 30 miles a day along the dusty Alaska highway and was out six pairs of shoes on the first 1,000 miles of the walkathon he's planned since the end of the Second World War.

Prime Minister Trudeau said Tuesday he does not believe Canada is breaking up as certain regional movements in Quebec and the West might indicate. "I do not have the impression of living in a country crumbling," he said. "Canadian unity has been strengthened in the nearly two years since this government won the July, 1968 general election," he said.

Leaving a shiny new prison system behind, Allen J. MacLeod has quit as Canada's penitentiaries commissioner to take the key job of ironing the important Quimet report on corrections into policy. Under the 51-year-old MacLeod, the number of prisoners has grown from nine, when he was appointed commissioner in 1960, to 35, Grim old fortresses like St. Vincent de Paul, north of Montreal, are being emptied and their more promising occupants farmed to new institutions.

John Diefenbaker, former Canadian prime minister, said today Canadian recognition of

Communist China would "constitute an incentive to those endeavoring to advance communism." Diefenbaker said the Canadian government has been "anything but forthcoming" about the talks between Canada and Communist China which have been held in Stockholm for nine months.

Appointment of four directors responsible for regional economic expansion activities in Canada's four western provinces was announced Tuesday. The directors are: E. L. Carter, Manitoba; W. B. Herringer, Saskatchewan; J. S. Duncan, Alberta; and Francis McCallum, British Columbia. Each director, appointed by the public service commission, is responsible for the implementation of the department's programs of assistance to the provincial government as well as for general liaison with authorities and organizations in the province.

Former Toronto mayor Philip Givens Tuesday asked why the Federation of Mayors and Municipalities does not storm Parliament Hill demanding stronger pollution control measures. Speaking during a panel discussion on pollution at the federation's annual meeting here, the Liberal Member of Parliament for York West said: "Until the federation gets a united voice, then you are going to get one buck passed to you every day of the year."

Government experts should be sent to Fort McMurray, Alta., to study the effects of an oil pipeline leak into the Athabasca River, Eldon Woolliams (PC-Calgary North) suggested in the Commons Tuesday. Resources Minister J. J. Greene said he is awaiting reports from his department and the national energy board.

Defence Secretary Melvin R. Laird has told NATO colleagues in Venice that the United States will not change its present nuclear commitment in Europe as long as the situation remains stable. U.S. officials said Tuesday, Laird briefed allies during a two-day meeting of NATO's eight-nation nuclear planning group. The members of the group besides the U.S. are Canada, Britain, Italy, Norway, West Germany, The Netherlands and Turkey. Defence Minister Leo Cadieux represented Canada.

The United Auto Workers Union, led by a new president, has made mid-July dates with the big three United States automakers to open 1970 contract negotiations complicated by a business slump in the industry. UAW President Leonard Woodcock is expected to continue a tradition established here by his predecessor, the late Walter P. Reuther, by attending the formal opening of the talks with General Motors on July 15, Ford on July 16 and Chrysler on July 17.

Food Vouchers For Persons Involved In Labor Disputes

VICTORIA (CP) — Persons involved in labor disputes and not eligible for unemployment insurance will receive food vouchers from the provincial welfare department, Deputy Welfare Minister E. R. Rickinson announced Tuesday.

"I have been instructed by the minister (P. A. Gagliardi) to institute this policy immediately, and orders to that effect have gone to all our welfare offices," Mr. Rickinson said.

He made the statement to spokesmen for several hundred jobless Duncan tradesmen who assembled on the steps of the legislative buildings to protest the government's labor policies.

He told the delegation there would be no strings attached to the application for food vouchers.

"A person must be in need and not receive unemployment insurance; we don't ask if he's locked out or on strike. As long as he's registered with Canada Manpower and available for work, he's eligible for vouchers."

GOVERNING CRITERIA

In Vancouver, Mr. Gagliardi said in an interview that "need" is the governing criteria in his directive.

He reiterated that no full welfare allowances could be made to those on strike or locked out. He said his main concern was with the widows, breadwinners

LABOR STRIFE AT A GLANCE

By THE CANADIAN PRESS

Towboats: Negotiators for the Canadian Merchant Service Guild agreed Tuesday to recommend acceptance of a settlement that could see tug boats plying B.C. waters within a week.

Construction: The Construction Labor Relations Association announced it will appeal a court decision that denied it an injunction that would have forbidden a member firm signing a contract with a locked-out union.

Hotels: Two struck Lower Mainland hotels operated Tuesday with non-union help. Lock-out notice has been served by 45 other hotels extending from Vancouver to Hope.

Car rental: Another car rental agency indicated it is ready to sign a contract with the striking members of the Office and Technical Employees union.

Forest industry: There were no developments in talks between Forest Industrial Relations Ltd. and the International Woodworkers of America. Their contract expires Monday.

Must Solve Growing Pains CFMM Conference Warned

HALIFAX (CP) — New and imaginative approaches to solve the growing pains of Canada's cities were demanded by speakers at the annual conference of the Canadian Federation of Mayors and Municipalities here Tuesday.

David Lewis, deputy leader of the New Democratic Party, warned that further neglect of Canada's urban problems would bring disaster, and urged the federal government to provide "effective and imaginative action before it is too late."

He suggested a thorough revision of the base for municipal finance, a system of regional government, urban land assembly under public ownership and a totally new approach to government structures and relationships.

John Steel, city manager of Windsor, Ont., called for a national urban policy involving new approaches by municipal

Aged Want \$150 A Month

NORTH VANCOUVER (CP) — Old age pensions should be raised to \$150 a month with the increases linked to the cost of living, the British Columbia Senior Citizens Association decided at its annual convention here. Income tax exemptions should also be doubled for over-65s, the association said.

HOSTEL NIXED

VANCOUVER (CP) — Heavy opposition from local residents forced city council Monday to cancel YMCA plans to use its East End building as a youth hostel for travelling youths this summer. A petition with 50 names said the hostel would be used mainly by hippies and we labor the thought of having our youngsters and students in close proximity to any hippie element.

INDONESIA-BOUND

WEST VANCOUVER (CP) — Gary Armour, vice-president of an elementary school here, heads a group of eight teachers from across Canada working this summer in Indonesia. They will give courses in methods and curriculum designed to upgrade Indonesian teachers.

TODAY'S STOCK QUOTATIONS

TORONTO (CP) — The Toronto stock market was mixed to fractionally higher in lacklustre mid-morning trading today.

On index, industrials were up .26 to 154.89 and golds .99 to 144.80. Base metals were down .04 to 91.11 and western oils .64 to 135.23.

Volume by 11 a.m. was 290,000 shares, down from 445,000 at the same time Tuesday.

Gains outnumbered losses 77 to 69 with 140 issues unchanged.

Trading has been languid since the beginning of the week.

VANCOUVER (CP) — The Vancouver Stock Exchange encountered computer trouble today for the third time within a week, disrupting a recently instituted instant quote system.

Trading was light with little change in prices. Volume to 8 a.m. was 388,865 shares.

In the industrials, Wardair was unchanged at \$1.20 while Bank of B.C. was off .01 at \$17.74.

Stampede was one of the most active issues in the oil section, trading in the \$1.81 to \$1.85 range after closing at \$1.86 yesterday.

NOT MANY PESTS

Valley Crops Look Good

Apple crop prospects continue to look good, the provincial department of agriculture reports in its latest bulletin. Apples are developing normally, with date of full bloom varying about two or three days compared with last year.

The report adds that growers concerned with cool, frosty weather did not apply dinitro thinning sprays and some are

hesitant to apply hormone-type thinner until the set can be more definitely determined. This could result in a "heavy demand" for labor for thinning this month and July.

The report states the first spray for codling moth control has been applied in most orchards in early districts, and growers have been advised to complete application of that

spray in the Penticton, Naramata, Summerland areas by the end of May. Apart from occasional infestation of leaf roller, apple orchards appear "unusually" pest-free at this time, the report stresses. Some older McIntosh trees in the Vernon district are due for replacement, and April frosts have caused injury to early leaves.

HEAVY SET

Pears have set heavily in the southern half of the Okanagan, and moderately in more northerly regions. In most districts, Bartlett pears have also set heavily and Anjou are described as "moderate" in the report. Bartletts have set fairly good in more northerly districts, and the Anjou set is variable, depending on location. So far this year, pear trees are "exceptionally" free of Psylla and Rust Mites. The 1970 crop potential ranges from 5,000 tons of Anjou to 14,000 tons of Bartletts.

NOW SHOWING

Like participants in a giant game of scrabble, these sign company workers gave a face-lifting to the Paramount Theatre marquis and sign. The travelling troupe of sign painters and repairmen are in Kelowna this month to brighten many of the city's

neon signs. As a rule, these signs are not owned by merchants but leased from the firm and the rental includes maintenance. New paint, replaced bulbs and general repairs are all handled by these agile climbers.

(Courier Photo)

SPCA's Shelter Plans Proceed

The local branch of the Society for the Prevention of Cruelty to Animals is proceeding with a \$17,000 animal shelter on a half-acre site on Barnaby Road.

Plans for the re-vamped modern new building, which will include a four-room suite for local inspector, Jonathan Miller, were reviewed at the regular meeting of the organization Tuesday.

"We have sufficient funds to start," said Joan Hamblin, local president, who adds construction will start "as soon as possible", following construction of a seven-foot fence around the property. Admitted to lack of financing to complete the structure as designed by James Carlson, she said the local organization was going to "start" construction of the shelter and "complete it later", as additional funds become available, possibly through a fund-raising campaign.

Plans for the cement block building call for shelter space for 14 dogs and cats as well as office and examination room facilities. The building will be fire-proofed. Work will be contracted for individually, and some people to which the local society is indebted to for committed work include Norman Fredrick, Ernest Ott, Harold Mann, and designer-draftsman James Carlson.

"Any help would be appreciated," said Miss Hamblin, who hopes enough funds will be raised through private or public sources to realize ultimate completion of the shelter sometime in the fall. The organization is currently awaiting word from the land registry office in Penticton.

Welfare Meets Genuine Need

"Welfare money is going to meet a need that's genuine," says Thomas Hamilton, welfare administrator for Kelowna.

Interviewed Tuesday with city director of finance Harold Hall, Mr. Hamilton emphasized "all applications are carefully screened". Through the agency, the city is currently supporting 237 men and women and 116 families in various categories of need. The money is disbursed on an 80-20 per cent basis, with the government paying 80 per cent of the cost and the remaining 20 per cent pooled on a per capita levy based on the population of the province.

Disbursement figures for the first four months of 1969-70 show a consistent level, with a total

of \$159,191 for January to April last year, compared with \$159,949 for the corresponding period this year.

Following is a breakdown for the comparison months in both years: 1969—Jan. \$37,233; Feb. \$40,683; March, \$41,135; April, \$40,139; 1970—Jan. \$38,237; Feb. \$40,361; March, \$38,340; April, \$43,011.

During April this year \$16,885 was dispensed to 75 families; comprised of widows, deserted wives and homes affected by ill health; \$6,874 to 41 families affected by unemployment; \$5,573 to 73 single men and women affected by age or ill health; \$2,764 to 92 single unemployed men and women; \$773 to 16 single men and women requiring

boarding room care; \$8,354 to 78 single men and women requiring nursing home care; and \$1,785 for miscellaneous grants to various medical, ambulance expenses, burials and home-maker service.

One factor affecting welfare rolls, said Mr. Hamilton, is the advent of strikes and lockouts. "The fact they're out is affecting the little industries," he added, emphasizing "we're not authorized to grant assistance to lockouts or strikes."

Howard Seeking Action

OTTAWA (Special)—Agricultural problems are not new, Bruce Howard (L.-Okanagan-Boundary) said in the Commons during debate on an opposition motion criticizing government agriculture policies.

Mr. Howard said there were problems in his riding and there had been problems in the past. On occasion, winter frost had damaged fruit trees in the Okanagan. Also, on occasion, the federal government had come to the rescue with financial assistance.

At present there are problems in respect of certain types of apples and they had broken down in storage for some mysterious reason. The federal government is carrying on research to determine what caused the breakdown. There have also been problems from excessive competition from the international markets because of

over-production of apples in other parts of the world. The Okanagan MP said there are also problems involving importation of cheap concentrate juice from Switzerland and other European countries and there has been a problem of synthetic juices being masqueraded as the real thing.

"I have directed the attention of the ministers concerned to these problems and they are being investigated at present. I have made many appeals in private but today I am making the appeal publicly as well, because I believe these things should be said in the House of Commons," Mr. Howard stated.

He suggested opposition spokesmen should not simply condemn the government of agriculture but should be willing to put forward their own solutions and make progressive and helpful suggestions to overcome the problems.

Older sweet cherry trees throughout the area continue to show the effects of winter injury, with dead or dying limbs in evidence and younger trees showing much less injury. The set of sweet cherries is generally heavy, except in areas-prone to spring frost. Weaker trees have unfortunately set heavily, the report says, and in a number of orchards, growers are applying additional nutrients in attempts to insure sizing of the fruit. The crop prospect is for a moderate yield. Sour cherries do not show the same evidence of winter injury even in the sweets, and the prospect is for "as big or bigger than last year."

SOME INJURY

Apricot tree vigor is described in the report as "good" except for occasional cases of winter injury. The set of fruit is also good, apart from some bud damage in the frost-pocket areas of Oliver and Osoyoos. Even though fruit thinning has not become general, fruit size is "coming along well" the report continues. There is some peach twig borer infestations, while fruit tree leaf roller infestations have been "quite widespread" in the Penticton area.

Peaches in the Oliver-Osoyoos areas have reached half-inch sizes, and the set is generally heavy and thinning will begin shortly. Some blossom thinning was done, and young trees are growing rapidly, while older trees are slow and some are continuing to die-back due to the 1968-69 winter freeze. More die-back is expected as the season progresses.

Plums and prunes have a "heavy" show of blooms throughout the Valley, with frost causing some damage in the north. Trees injured last year did not set well, but elsewhere the set has been good and a heavy crop should offset losses from removed orchards in the North Okanagan.

THREE CLUSTERS

A large crop of grapes is "developing nicely" the department reports, with varieties normally carrying two bunches per shoot producing three flower clusters resulting in probable three bunches of fruit. Varieties which normally have produced three bunches have produced three and five flower clusters. Weed control programs are well under way, and the first grapes are expected to bloom in the Oliver-Osoyoos areas the first part of the second week in June. Bloom will occur about the same time in the Kelowna areas. Leafhoppers are active in all vineyards and have laid eggs. The report says tree fruit nursery stock is "growing nicely" with a good catch of buds.

Greenhouse cucumbers are in "full swing" and greenhouse tomatoes are now being harvested as well as lettuce in the South Okanagan. Fresh market asparagus harvests are tapering off while the process harvest continues. There have been rains, but the moisture efficiency in the dryland areas has reduced yields. Early cabbage is growing well, but the acreage is down.

Also down is sweet corn acreage, with an increase in cucumber acreage, while peppers have had some severe setbacks with wind and frost damage. With the advent of cool weather, it would appear that heat-loving crops such as tomatoes are being held back, while the fall and spring onion acreage appears to be up.

Provincial Pharmacists Meet Here Next Week

Kelowna pharmacists will host the 79th annual meeting of the B.C. Pharmaceutical Association next week at the Capri Hotel.

The convention begins Tuesday and ends Friday. Harold Long will serve as convention chairman. Ernest Reichert as program chairman, Ben Gant as registration chairman, John Dyck as current councillor of the association in the Kelowna area, Lawrence Snook as transportation chairman, and Fred Behner as the local representative of the B.C. Professional Pharmacists' Society.

Some Sun With Rain

Sunny skies with a few cloudy periods and isolated showers "and thunderstorms in the afternoon and evenings should prevail over the Kelowna area Thursday, as an on-shore flow of cool Pacific air continues to dominate the weather pattern.

A high pressure ridge off the Washington coast should move inland overnight, bringing sunny skies and slightly warmer temperatures late Thursday.

Temperatures should remain below the seasonal average for this time of the year.

Tuesday's high was 70, the overnight low was 52, with a trace of precipitation recorded at the airport.

The low tonight and high Thursday should be 48 and 75.

Student Art Seen Here

A connoisseur's selection of secondary school student art is now on display at the regional library board room.

Arts and crafts done by Grades 10, 11 and 12 Kelowna Secondary School students will be showing there until June 22. The exhibit is sponsored by the Kelowna Art Exhibit Society.

Varieties of graphic arts as well as ceramics and batiks are in the display, which is open to the public free of charge. Guiding students through their art is Mrs. Barbara V. Wood, in charge of the school's art department.

EXERCISES PLANNED

VANCOUVER (CP) — A 27-vehicle light armored squadron of 80 members of the British Columbia regiment leaves here Saturday for an exercise in the Fraser Valley which will see them go sleepless for 27 hours. Major G. I. Mathieson, who will lead the exercise dubbed Exercise Spring Search, said it is a "shakedown" for spring training exercises starting June 27 in Wainwright, Alta.

Kelowna Flier Dies In Crash Of Helicopter

RIVERS, Man. (CP)—A helicopter crash killed two men today at this Canadian Forces base north of Brandon.

The victims, both pilots, were identified as Capt. Ken Young, 43, of Kelowna, and Capt. Mike Barrett, 27, of Grand Valley, Ont.

A defence department spokesman said the CH-112 helicopter had taken off on a routine training mission and crashed and burned in an attempted emergency landing.

Cause has not been determined.

Capt. Young joined the RCAF in 1951 and was deputy commander and chief standards officer of No. 4 Flying Training School at Rivers. He is survived by his wife and four children.

Capt. Barrett was taking the basic helicopter course at Rivers.

Two People Face Court

Eric Carlson, Rutland, was fined \$25 when he appeared in provincial court in Kelowna today and pleaded guilty to speeding.

In other court activity Gerald Manke, Vernon, was remanded until later today to seek counsel on a charge of causing a disturbance. No plea was taken.

KELOWNA FACTS

Park Avenue was so named because of its park-like appearance by the Kelowna Land and Orchard Co.

SEEN and HEARD

A local fence received a few startled gazes and remarks the other night when he walked into his favorite night spot in his fencing gear. However, he was not carrying his trusty sword. The fence was heard remarking: "Those remarks are for given tonight, gentlemen, but next time it's with sabres."

A traveller from Vancouver to Kelowna, who obviously didn't know the interior or about the Richter Pass, was heard to say: "I don't understand it, at Keremeos I saw a sign that said Osoyoos 30 miles, then I drove almost 30 miles to Penticton and there was another sign that said Osoyoos still 30 miles."

Instant rain storms in the evening in Kelowna have caught many people unaware. A not uncommon sight is a man or woman rushing out of the house into the rain to roll up automobile windows left open during the heat of the day. And, anyone who leaves the top of his convertible down overnight...

The Kelowna RCMP and provincial court parking lot is getting a new skin. City crews were on the site today preparing the surface for paving and until the job is completed parking on Doyle Avenue outside the police and court building is restricted to RCMP vehicles.

Brick Sale Helps Pool

The Indoor Swimming Pool Committee is now offering building bricks for sale in an effort to provide a symbolic yet tangible indication of pool donations.

The idea behind the sale of individual bricks is based upon successful building campaigns in other parts of the continent that have used this method of fund-raising. Priced \$100 each, the bricks will each have an inscribed metal plate providing recognition to the individual family, group or business which purchased the brick. They will then be used to construct a specially lighted feature wall in the foyer of the pool, providing a perpetual memorial to pool project donors.

The plaques will be limited to one name each and may be purchased by payment of \$30 and the pledge of additional payments of \$35 in November 1971 and 1972.

TRAILER, CAMPER VACATIONS

All Home Comforts Popular On Road Today

By FRANK LILLQUIST
Courier Staff

That night when your tent collapsed at the height of the worst rain storm in the history of Manning Park did you envy the family next door in the trailer?

They probably deserved envy, for to get the outdoor snugness attainable in a trailer or camper in family must make one of its major investments.

A trailer today can cost from \$1,800 for spartan simplicity (which includes three burners stove, ice box, sink and pump) to more than \$4,000 for self-contained units.

But, regardless of the cost, trailer, or camper vacations and weekends are becoming extremely popular.

As the level of affluence rises, so does the number of units on the highways—just drive the 80 miles between Penticton and Vernon any day between the holiday weekends in May and September, for proof.

Kelowna trailer dealer Al Olson said the self-contained units, with all the options, have refrigerators, ranges, showers, washrooms and sleep six. Some latest models have six cubic-foot refrigerators and a bathtub.

Sizes range from little 13-footers to the larger 24 and 26-foot tandems which, according to people in the trade, are the popular trend today.

In spite of the challenge to trailer domination by truck-mounted campers, trailers have held their own and sales today are split about 50-50.

Both have advantages and disadvantages, but the big thing with a trailer is the simple hitching, although some manu-

facturers are switching to gas-electric units.

Once purchased a trailer or camper requires a negligible maintenance, either to undercarriage of impregnated aluminum finish with wear-resistant paint.

With a trailer a good car is a must, although the smaller 13-foot models weigh-in at a bare 1,200-1,300 pounds and can be pulled by a compact.

For larger models, 17 to 18 feet, the best vehicle is a medium-sized car with V-8 engine and three speed automatic transmission. Dealers say a properly equipped car, large enough for the trailer it is pulling, need never cause jams on the highway.

Driving trailers offers few problems — most people say after 50 miles on the highway the adjustment is made.

Camper and trailer prices are much the same and people in the

market for either get what they pay for.

With 400 companies in Canada alone producing campers and trailers the market is diversified and requires careful scrutiny before buying.

The king of all camper-trailer devices is the motor-home, a completely self-contained unit that can cost \$19,000 or more. Some travellers even pull compact cars behind the units.

For those who don't wish to make the major investment of a camper or trailer, there is a rental, which can cost from \$45 to \$75 a week.

Among many agencies, however, renting is carried out but not encouraged, because many customers don't equip their cars properly for pulling trailers.

Proper braking system, mirrors and insurance can cost about \$250; a substantial sum for one week's holidaying.

Cadets Pass With Rifles

Forty-five cadets and four officers from the 903 Squadron, B.C. Dragons (Kelowna) Cadet Corps held a range qualifying exercise in the Glenenna training area near Falkland during the weekend.

Two cadets from Royal Canadian Sea Cadet Corp Grenville were also in attendance. All cadets qualified on 7.62 FN rifle and .303 rifle firing. This exercise completed the training year for the squadron, with all cadet activity to cease June 16, with the exception of the cadets selected for summer camp in either Vernon or Calgary.

\$27,000,000 In Low-Rental Housing Loans

OTTAWA (CP) — Federal loans totalling \$27,000,000 for 14 new rental housing projects were announced Monday by Robert Andras, minister without portfolio responsible for housing matters.

The announcement said 2,290 units for a potential population of 8,200 are involved.

There are 409 for Vancouver, 366 for Hamilton, 1,124 for Toronto and 391 for Montreal.

The announcement said Halifax had also submitted proposals but none was accepted due to a shortage of serviced land and high shelter costs.

It said the projects are a response to calls earlier this year from interested developers and builders in the five cities.

Mr. Andras said he had announced last March that Central Mortgage and Housing Corp. was seeking proposals to stimulate low-rental housing in major cities and that resulting proposals would be examined by selection committees.

"In each of the five cities, juries made up of a number of members noted for their concern over community housing problems have examined all proposals and have made their recommendations to me."

He said the juries had selected 14 of 79 proposals. Emphasis was laid on reaching families of annual incomes of \$6,500 or less in Vancouver, \$7,000 or less in Hamilton, \$7,500 or less in Toronto, \$5,500 or less in Montreal and \$6,250 or less in Halifax. These levels generally had been satisfied.

In Vancouver, one project might require "substantial plan modification" to provide recreational facilities and reduce per-unit population density.

Mr. Andras said the Halifax situation will be reviewed. The loans are being made under the National Housing Act.

J. G. Gottselig Funeral Thursday

Funeral services will be held Thursday from immaculate Conception at 2 p.m. for Joseph Gabriel Gottselig, 73, of 1076 Ethel St., who died Tuesday.

He is survived by his wife, Susanna, one son, Deo, of Kamloops, one daughter, Marie (Mrs. Frank Vercauteren), of Vernon; 12 grandchildren, one brother and one sister.

Cremation and interment will be in the St. Joseph's Cemetery at 8 p.m.

Rev. R. D. Anderson will officiate at the service, with interment to follow in the Catholic Cemetery.

Pink And White Peonies Form Setting For June Wedding

Large baskets of pink and white peonies graced the altar of St. Pius X Roman Catholic Church for the June 6 wedding, uniting in marriage Susan Annette Marie Givvin, daughter of Mr. and Mrs. Gertraud Givvin, Kelowna and James Arthur Wallace, son of Mr. and Mrs. Alvin V. Wallace, also of Kelowna.

Rev. Francis Gaudes conducted the 2:30 p.m. ceremony and soloist, Mrs. A. J. Beaufort, was accompanied by Mrs. John A. Lutz, both of Kelowna.

The bride who was escorted down the aisle by her father, was charming in a floor length beau d'eglance gown featuring a scooped neck and short puff sleeves. A large trailing bow added back interest and her headpiece, of a white satin rose embedded in satin leaves and a cathedral length veil. She carried a bouquet of pink sweetheart roses with stephanotis, with streamers matching the colors of her bridal attendants' gowns.

TRADITION
Keeping the traditional something old-something new, she wore her graduation gown and her veil was new. Earrings were borrowed from her maid-of-honor and a blue garter completed the sentiment.

Maid-of-honor, Lisa Banerhard and bridesmaid, Sylvia Iwanishyn, a niece of the bride, both of Edmonton, wore Juliet styled gowns of aqua with aqua lace bodices. They carried topiary bouquets of pink carnations and white daisies daisy hanging on a white ribbon. Matching aqua flowers were tucked into their coiffures.

Serving as best man was Dean Wallace of Calgary and ushers were: James McNeill of Ardores-

MR. AND MRS. JAMES WALLACE
(Paul Ponich Studios)

An aqua dress was chosen by the bride, and Gary Wallace of Vancouver.

the bride's mother for receiving at the reception in the Aberdeen

Room of the Royal Anne. A white pearl necklace and white accessories completed her costume which was enhanced with a corsage of pink carnations and roses.

The bridegroom's mother wore a dark pink dress with lace bodice and sleeves with a corsage of pink roses and white carnations.

Before leaving on a honeymoon to Vancouver Island, the bride donned a princess styled lace dress of aqua with white accessories.

The newlyweds will reside on Huxford Road, Rutland. Master of ceremonies was Hector Givvin for the reception program.

Out-of-town guests were: Mr. and Mrs. LeMere, Armstrong; Mr. and Mrs. T. Phillips, Vernon; Velma Casorso, Penticton; Mr. and Mrs. J. Cotton; Mr. and Mrs. D. Wallace and Gabe LeBlanc, all of Calgary; Mr. and Mrs. William Calhoun, and Mr. and Mrs. G. Wallace, all of Vancouver; Mrs. R. Hanate, Hanna; Samson Armj, Mr. and Mrs. R. Robichaud, St. Paul, Alta.; Mrs. Terry McNeill, Edmonton; Cookie McNeill, Ardores, Alta. and Mrs. W. Kirkpatrick, Lynden, Wash.

Women

WOMEN'S EDITOR: MARY GREER

PAGE 6 KELOWNA DAILY COURIER, WED., JUNE 10, 1970

HITHER and YON

A guest with Mr. and Mrs. K. V. Taylor of Lakeshore Road to Mr. Taylor's 84-year-old grandmother, Mrs. Edna Shinn, who flew here unescorted from her Santa Barbara, Calif. home. She will also visit another grandson, Dean L. A. Taylor of the Kelowna centre of the Okanagan Regional College and his wife at their Richmond Street home. During her month long stay here she plans to visit with other friends, including Mr. and Mrs. Ronald Prosser. On her return journey she will visit friends in Victoria, also.

A newcomer to Kelowna is Mrs. Millicent Wheatley, formerly of Langley, B.C., who is making her new home at the Okanagan Mobile Village, RR 2, Kelowna.

A contingent of Kelowna Shriners and their wives wended their way to the Shriners' ceremonial of Al Azhar Temple at Edmonton during the weekend. They took "Ogopogo" with them and while participating in the parade reminded the Alberta people of the International Regatta here in August.

Among the couples who enjoyed the hospitality of the Edmonton Shriners were: Mr. and Mrs. George Crosland, Mr. and Mrs. W. S. Jones, Mr. and Mrs. William Cross, Mr. and Mrs. Norman Jackson, Mr. and Mrs. John Osborne, Mr. and Mrs. Eric Bradshaw, Mr. and Mrs. Michael Boyko, Mr. and Mrs. Robert Aitken, Mr. and Mrs. Ed Wennesland, Mr. and Mrs. Tom Willford and Mr. and Mrs. Al Salloun. Other Kelowna Shriners who enjoyed the ceremonial were Carl Glazie, J. R. Appleton and Harry Burke. The Kelowna Motor Patrol also took part in the parade.

Mrs. Henry Heimlick returned to her home on Martin Avenue during the weekend after spending two weeks visiting relatives at Weyburn, Sask. On her return Mrs. Heimlick joined her daughter Bonnie at Calgary and the two motored to Kelowna. Bonnie returns to her nursing duties at Calgary today.

Guests with Mr. and Mrs. F. O. Smith of Carmen Manor are Mr. and Mrs. Alex Kovnat of Winnipeg. The two couples who have been friends for more than 50 years, have enjoyed several tours of Valley points.

Other 4-H Home Arts members from Kelowna in addition to Maureen Davis, who took part in the dress revue modeling at the recent 4-H rally in Salmon Arm were Heather Favah, Bonita Dietelbach and Wendy Smalldon. Maureen placed second and will attend the Pacific National Exhibition at Vancouver in August.

Winding up the social season before the lazy dazy summer days of casual dress is the Big Splash, a dinner, dance and fashion show, sponsored by the Gyros and Gyrettes of Kelowna Friday night at the arena. Kelowna couples taking advantage of the gala event to entertain before the summer holiday season legions are: Mr. and Mrs. Maurice Meikle, Mr. and Mrs. William Stevenson and Mr. and Mrs. Tony Walls, who have reserved tables for the evening. Since proceeds of the night go to the indoor swimming pool fund, they will double their enjoyment, knowing that their 'fun' night is helping to provide hours of fun for all when the pool opens.

Quick Chicken For Campers

Campers and all outdoor-eating fans should give a special cheer for that wonderful convenience—food in a can. The wise camper will pack some canned foods to provide good eating when fresh foods are not available. The practical cook has some simple-to-prepare main dish recipes for just such an emergency. Here is one, developed by the home economists of the Canada Department of Agriculture — "Speedy Chicken Supper" which requires one pan and needs only 35 heated till the flavors are well blended. This recipe could be stretched by the addition of two or more hard-cooked eggs.

SPEEDY CHICKEN SUPPER
1 10-ounce can condensed cream of chicken soup
1/4 cup liquid from peas
1/4 teaspoon onion salt
Dash pepper
2 7-ounce cans chicken
1 10-ounce can peas, drained
1 10-ounce can kernel corn
1 cup crushed potato chips
Combine and heat soup, vegetable liquid, onion salt and pepper. Add chicken, peas and corn. Heat until bubbling. Sprinkle with potato chips. 6 servings.

SKI QUEEN HONORED
ROSSLAND, B.C. (CP) — Canadian ski queen Nancy Greene Raine snipped a green ribbon to mark the official opening of the Nancy Greene wing of the Rossland Historical Museum. The \$22,500 wing, opened in mid-May, honors her accomplishments in international skiing. Displays include trophies and medals she won in competitive skiing and the skis she used in winning World Cups in 1967 and 1968.

Outdoor Setting For Kelowna Bride

Mr. and Mrs. Fraser Shotton of Edgewood Road have recently returned from Jasper, Alta., where they attended the marriage of their youngest daughter, Cherry Gay to Perry Guloren, son of Mr. and Mrs. Paul Guloren of Vancouver.

The ceremony took place on May 24 in a beautiful open air setting at the lakeshore home of Ken Marten. The marriage ceremony was conducted by Rev. Ronald Steer.

Dear Ed: Very few dentists will guarantee a perfect fit from the word go. Most dentures need some adjustment. You were lucky—the third time was a charm. Congratulations.

Dear Ann Landers: Your answer to "Worried Mom" was assinine. I would rather have my 17-year-old daughter wrestle in the back yard with 14-year-old neighbor boys than with a 19-year-old sex-maniac in the back seat of a car. Her older sister was an unwed mother at 18. One of those in a family is enough. Get with it.—Bakersfield.

Dear Bake: A 17-year-old girl who is still horsing around with 14-year-old boys in the back yard is a little behind schedule. So why don't you get with it?

Dear Second: The bride and her mother have the right to make this decision, and they have made it. I admire the girl for the remarkable adjustment she seems to have made to her handicap. Apparently she is virtually unaware of it. Stay out of the wedding plans and be like a guest.

Dear Ann Landers: Once someone asked you if the teeth you display in your newspaper picture are your own. You said yes. I knew they were—without reading your answer. You wouldn't be so haribolled in your advice to people with denture problems if you had been through some of the hell they have. It's very easy for you to sit in Chicago with all your own teeth and tell a reader in Wyoming that her husband is a stubborn mule because he won't wear his dentures.

I have been through plenty these past two years—lost 20 pounds and had to take nerve medicine. Two dentists made teeth for me and neither set fit worth a damn. I paid for the teeth before I knew they were

Garden Club Tours Attract Many Owners Happy To Receive Viewers

The recent garden tour arranged by the Kelowna and District Garden Club, during which five lovely gardens in Kelowna and district were opened for viewing, proved most successful. Many people came to admire the lovely yards and were graciously received by the owners.

The club recently did the decorations for the Kelowna Volunteer Recreational Services ice cream social for the elderly citizens. Kelowna colors of black and gold were used at the head table and the individual tables were centered with dainty old fashioned mixed flowers. Lovely pink and white

peonies were also used and small bouquets were given to the blind and elderly as they left the hall.

The club also decorated the Rutland Centennial Hall for their pioneer social sponsored by the Rutland Branch of the Volunteer Recreational Services. The same flags were used on the platform — the Canadian flag, the British Columbia flag, the Red Ensign and the Union Jack. The Rutland colors of green and gold were carried out by using gold toned iris and roses, also green and yellow candles. Yellow roses centered the tables and the decorations were much appreciated by both organizations.

ANN LANDERS

M.Y.O.B. And Behave Like A Wedding Guest

Dear Ann Landers: Our closest friends have a very handsome son who will be getting married in a few months. We have watched this boy grow up and he is very dear to us.

The bride had a serious bone infection when she was a child. It left her with a bad limp. Of course she is unable to dance or participate in sports such as skating, tennis, and so on. But this does not seem to bother her fiancé who is a wonderful all-around athlete. (Love must be blind as they say.)

The bride's mother is planning a lavish wedding. It was told of the arrangements last night. The bride will walk down the centre aisle of the church on her father's arm in the traditional manner. Since the girl has such a noticeable limp, wouldn't it be better if she entered from the side of the pulpit and joined her father at the altar?

The girl's parents are accustomed to her limp so of course they do not see it as others do. Would a telephone call from an objective non-relative, such as myself, be in order?—Second Mother.

Dear Second: The bride and her mother have the right to make this decision, and they have made it. I admire the girl for the remarkable adjustment she seems to have made to her handicap. Apparently she is virtually unaware of it. Stay out of the wedding plans and be like a guest.

Dear Ann Landers: Once someone asked you if the teeth you display in your newspaper picture are your own. You said yes. I knew they were—without reading your answer. You wouldn't be so haribolled in your advice to people with denture problems if you had been through some of the hell they have. It's very easy for you to sit in Chicago with all your own teeth and tell a reader in Wyoming that her husband is a stubborn mule because he won't wear his dentures.

History, Development Of Iris Traced For Garden Members

Guest speaker at the regular monthly meeting of the Kelowna and District Garden Club was past president, Mrs. Ernest Worman who spoke on Irises. She told of the history of the plant, it being one of the oldest flowering plants known. It was once on the French barthen and is also seen in Italian and Spanish paintings.

She explained how the Dykes medal is awarded. This is the highest award for the best Iris and how the colors were increased and how the stalks were developed into longer types with larger blooms. She had samples to illustrate the difference and the improvement.

In 1920 the North American Iris Society was formed into the award system, with test gardens. One hundred favorite Irises were chosen at accredited shows. There are now more than 800,000 members in the society.

Varities include early dwarf, midseason and late, in intermediate and tall stalks. They are relatively free from insects, easy to grow, long lived and have beauty and interest. They

need good drainage, sunny locations, good air circulation. She also explained how to prepare the soil, how to plant and what to use in the way of fertilizers and how to feed properly.

Club president, Mrs. Harold James asked the members for donations of garden flowers for the club's 'Garden Therapy project' for the blind, handicapped and elderly during the summer and reminded members to order their fall bulbs early to ensure a good choice. These are grown inside and given during the winter months for the same project.

Ret. Marshall, membership chairman announced that several new members and visitors were made welcome.

'Little Red Schoolhouse' Contains Many Gifts For Bride-Elect

A replica of the 'little red schoolhouse' was the novel container for the miscellaneous

gifts presented to bride-elect, Maureen Magee at a shower in her honor Sunday afternoon. Maureen's marriage to Charles Smith of Surrey is an event of July 4.

The hostess, Mrs. C. L. Botham and her assistant, Mrs. Henry Falck presented corsages to the honoree; her mother, Mrs. W. H. Magee and to the mother of the groom who was here for the weekend from Surrey. Also in attendance was the groom's sister, Mrs. Stan Malaka and young son Sean, who will be the ring-bearer.

Ribbons were fastened to a dunce cap for the 'teacher-bride' and her sister, Mrs. G. S. Moore of Beaverdell assisted in opening the many lovely and useful gifts.

The 18 ladies present enjoyed the iced tea and lemonade and dainties served during the hot afternoon.

Beauty Tricks Used By Models

By JOAN O'SULLIVAN

Every woman has her own beauty tricks. Here are some of the best we've picked up from models and actresses, women who make beauty their business. Give them a try. They will work for you too:

—Say Yes: Look what happens when you say Yes. Your facial lines go up, up, up—this is all to the good. A smile is something else that works instant beauty wonders.

—Don't Clam Up: If the palms of your hands tend to get moist and messy, dab a bit of antiperspirant on them. A sprinkle of baby powder, which absorbs moisture, helps, too.

—Freshness Afoot: If your feet feel tired and weary, give them a quick pick-up by spraying on cologne.

—Happy Blending: Keep pencil work on eyebrows from looking harsh and phony by using a cotton-tipped swab to blend it.

—Liner Line: If you can't achieve a neat, thin line when applying liquid or cake liner, could be your brush is to blame. Purchase a small watercolor brush at an art supply store.

SKETCHES DONATED
LETHBRIDGE, Alta. (CP) — Nine pencil sketches by A. Y. Jackson have been presented to the University of Lethbridge art gallery by Dr. Naomi Jackson Groves, niece of the famous Canadian artist. The university has also purchased three Jackson paintings to round out the collection.

Engagement Announced

Mr. and Mrs. J. H. Hayes of Kelowna are pleased to announce the engagement of their youngest daughter, Betty-Anne to Donald George Cornock, son of Mr. and Mrs. R. L. Cornock of Kelowna. The wedding date will be announced later.

British Newspaper Strike Silences Tory Candidates

LONDON (CP) — With the British election only eight days away, a newspaper strike silenced some strong Conservative voices today. But the Tories set out to make campaign capital because Fleet Street's first all-paper walkout in 15 years happened under a Labor government.

Prime Minister Wilson interrupted his campaigning to meet Tuesday with representatives from Britain's nine national newspapers and the printers' union which is demanding a 25-per-cent pay raise. The talks failed, and for the first time in history the papers shut down in the middle of an election campaign. The election is Thursday, June 18.

The Communist Morning Star, which is not a member of the Newspaper Publishers' Association, was the only paper on the London streets today.

The majority of the newspapers are backing the Conservatives, so the strike cut off one source of campaign harassment of the Labor party.

However, Conservative campaigners seized on the strike as fresh fuel for their charge that wage demands are out of control because of the considerable increases the government has allowed numerous categories of workers.

Representatives of the publishers and the printers are to meet with Wilson at 10 Downing Street again Thursday.

The strikers, ranging from janitors to printers, now earn \$50 to \$150 a week. The publishers offered a five-per-cent increase, saying the 25 per cent demanded by the union would cost \$55,000,000 a year and would kill off some newspapers already having a hard time with rising costs.

The strikebound papers are The Daily Express, The Daily Mail, The Daily Sketch, The Times, The Guardian, The Daily Mirror, The Sun, The Daily Telegraph and The Financial Times.

If continued, the strike would affect 20 newspapers with a total circulation of nearly 40,000,000. In 1955, a national press stoppage lasted 26 days.

Wilson stood to gain considerable political capital if the strike can be settled under the auspices of the Labor party.

FACE ANGRY DOCTORS
Wilson accused Conservative leader Edward Heath Tuesday of using the newspaper dispute purely for electioneering purposes after the Conservatives accused the Labor party of bungling industrial relations. Meanwhile, the government

moved to counter-act a disruption of the National Health Service by senior doctors and consultants who rejected a wage increase of 15 per cent, demanding the full 30-per-cent recommended by a government-sponsored committee. Junior doctors got the full increase.

The British Medical Association decided that starting today, senior doctors will not sign certificates with which the sick can collect social benefits. The government issued special certificates which the sick can pick up at local welfare offices.

Wilson has pegged most of his campaign on the statement that Labor has pulled the country out of the economic doldrums and put it in the black for the first time in years.

But the deputy leader of the Conservative party and former chancellor of the exchequer, Reginald Maudling, said that government policies that led to a current trade balance had also inflicted unemployment, strikes, high taxes and high interest rates on Britons at home.

Standings in the 630-seat House of Commons at dissolution:

Conservative 263, Liberal 13, Republican Labor 1, Welsh Nationalist 1, Scottish Nationalist 1, Independent Union 1, Independents 2, vacant 2, Speaker and two Deputy Speakers 3.

CHEAPER HOUSES ARE POSSIBLE

ST. CATHARINES, Ont. (CP) — The president of the National Home Builders' Association said Tuesday his group could build houses which people earning \$3,000 annually could afford to buy.

Eric Johnston of Toronto told a group of home builders and politicians the high cost of housing is the result of costly and unnecessary government restrictions.

"There are thousands of dollars in the cost of a home which have nothing to do with materials or labor. On a \$13,000 home, for instance, there is \$1,000 in sales tax alone."

Other expenses, he told a special meeting of the St. Catharines Home Builders' Association, stem from such planning restrictions as requirements for sidewalks, underground hydro and paved private driveways.

"The standard of housing in Canada is inferior to none in the world but we have that standard at a price—four-fifths of our people can't afford housing."

He challenged all levels of government to let the association build a demonstration project with all restrictions lifted.

"We will house 1,250,000 more Canadians at no extra cost to governments if they will let us show them how," he said.

DEATHS

By THE CANADIAN PRESS

Montreal—Marcel Provost, 62, program director of the French-language radio station CKVL.

Toronto — William Ivory Grimsditch, 51, an architect for the department of defence who specialized in designing structures for Canada's Northland.

Manchester, England — Frank Johnson, 41, former lightweight boxing champion; electrocuted while trimming a hedge.

Paris — Nikolaus Abramcheyk, 67, a prominent Russian exile and president by a Byelo-Russian exile government.

Waterloo, Ont.—Rev. Ulrich Leopold, 61, dean of Waterloo Lutheran seminary who was active in ecumenical dialogues and the Canadian Council of Churches.

Toronto — Alvin Edwards, 33, a pioneer in the wholesale grocery business in Western Canada.

New Health Spa Near Osoyoos To Be Built In Three Phases

A Kelowna construction firm has received the contract to build 20 pools for a health spa for Spotted Lake, near Osoyoos.

The Rocky Mountain Spa Ltd., owners of the project, located in the Richter Pass Highway five miles east of Osoyoos, say the development has commenced, and wherever possible, local contractors will be involved in the construction.

The multi-million dollar spa, to be built in three phases, will contain pools 24 feet and 12 feet in diameter and three feet and 2½ feet in depth. Each pool will have a varying concentration of minerals and differ in temperature.

The pools are fed from wells, and the mineral concentrations

of the area are said to be beneficial for the relief and treatment of arthritic ailments, skin diseases and nerve conditions.

The first phase, which should be completed by mid-summer, will consist of pools and dressing room facilities, including showers, lockers and dressing cubicles.

To make the centre a year-round attraction, a plastic dome, 120 feet in diameter and 16 feet high in the centre and rising from eight-foot walls, will be constructed.

A snack bar will also be available.

Phase two includes building and equipping a health spa, while phase three calls for construction of a lodge.

Alvarado Runs 'Quake Relief'

LIMA, Peru (AP) — President Juan Velasco Alvarado has taken personal command of earthquake relief operations in Peru so they won't get bogged down in bureaucracy.

Alvarado quietly moved relief headquarters from the public health ministry to the executive mansion Tuesday to keep a closer check on the action.

Dozens of doctors and tons of relief supplies have poured in from 17 nations since the quake struck May 31, but there have been difficulties getting the aid to the hardest-hit area, the isolated Huaylas canyon in north-central Peru.

Work gangs eased some of the

problem Tuesday when they cleared the last 10 miles of the main road into the canyon and began clearing other routes. Two truck convoys rolled into the devastated valley with food and medicine for the starving survivors.

Other crews were lengthening the airstrip at Anta, near the southern end of the 85-mile canyon, so it can take United States Air Force C-123 transports due later this week.

WORLD'S LARGEST
Buenos Aires is the largest Spanish-speaking city in the world.

RECREATION CLEANUP
ST. JOHN'S, Nfld. (CP) — The Newfoundland department of mines and resources has announced that \$250,000 will be spent to improve the province's 38 parks this year. About 500 new camping and picnic sites will be built. A spokesman said the work would be three-quarters finished by July. The program includes a new Codroy Valley Park on the island's west coast.

HEAT RECORD
The highest temperature recorded in the United States was 134 degrees Fahrenheit.

WHITE WRITES

Team Sale Uncertain

By LORNE WHITE

The Kelowna Buckaroos hockey club has been sold, but to whom is uncertain.

At a last minute deal in Kamloops, while Western Canada Hockey League officials were swarming around the city like vultures around a dying man in the Sahara, it was announced the WCHL Saskatoon franchise, specifically owner of the Blades, Jim Piggott, would back a group of Kelowna businessmen, who will operate the team from the home base.

What the backing would involve, again is quite uncertain, then again, everything concerning the closed-door BCJHL meeting in Kamloops during the weekend, is uncertain.

While Howie Hamilton, president of the league is trying to spring new roots in WCHL soil, the BCJHL teams seem to be sitting on dead limbs waiting for a little light.

HAMILTON CAME OUT of his hush-hush parley with his usual "no comment" quote, although before the meeting with Ron Butlin, president of the outlived WCHL, he stated definitely, that the BCJHL would not break away from the Canadian Amateur Hockey Association.

Now since Mr. Hamilton was so sly in his treatment of a statement to what is developing between the two leagues and the CAHA, all we can go on, is assumptions. And it seems that this is what the BCJHL teams are working around as well or at least that's the story from the Buckaroo franchise.

Wally MacCrimmon, past president of the Kelowna Minor Hockey Association, who along with Roy Price, newly appointed president, and Bert Voss, vice-president, made the "deal" with Piggott in Kamloops, put it this way:

"ALL WE KNOW is that Saskatoon has offered to back us for the coming season, either financially, or with the aid of players and a coach. No details of any sort have been discussed or worked out."

A little shaky indeed.

The three met with Piggott, and newly appointed coach of the Saskatoon Blades, Jackie McLeod, after Eric Bishop, a Calgary sports editor, who from confirmed sources had had the inside track for the purchase of the Bucks, backed down from the bid, presumably not being able to build working agreements with other clubs.

Not to be left holding the bag, and the Bucks as they stood, the three negotiated with the Saskatoon representatives on the loose terms.

On their return to Kelowna, the trio of minor hockey officials, agreed that their involvement with an outlaid league, such as the WCHL, regardless of what comes of Hamilton's little game, would be detrimental to themselves and minor hockey.

IT'S UNFORTUNATE that this would develop, but at least they have the insight on some of the people that they are dealing with in minor hockey and in Kelowna.

They feel that their only move now is to transfer their interests in the deal to some of "the many local parties" interested in getting their claws in the operation of the Buckaroo franchise.

A meeting is being planned, for some time this week, between the three and these interested parties, and it has been promised that more concrete plans will come out of the gathering.

How concrete, still hinges on the outcome of the BCJHL transfer link with the WCHL, especially between Saskatoon and Kelowna, and whether the weak New Westminster franchise will stay under the fluttering wing of the BCJHL.

THE PROPOSED TRANSFER plan would link Calgary with Kamloops, (so what's new), Edmonton with Penticton, Swift Current with Vernon, Estevan with Chilliwack, and of course the Bucks with the Blades.

If New Westminster, a poor last place finisher in the BCJHL during the 1969-70 season, decides to balk from a league entry this season, the proposed money saving two division system proposed for the BCJHL, would fall through, and give many second thoughts to interested parties putting their foot into the league franchise.

The two-division league would involve Victoria, Vancouver, Chilliwack, and New Westminster in the west, and Penticton, Kelowna, Vernon, and Kamloops in the east.

Uncertainty seems to be the key to the whole "business" thus far, and it is becoming more evident that the reason is in the administration of the BCJHL, and the words going out from Kelowna and other franchises, is, "Mr. Butlin, won't you please help?"

HOT RODDER NOW - By Alan Maver

Struggling Rovers Manage Narrow Victory Over Labs

Rutland Molson Rovers of the Kelowna and District Senior B softball league managed to squeeze a 3-2 win from the Kelowna Labatts Tuesday, and move to within two points of the front running Royal Anne Royals.

The Rovers, unable to score more than three runs in their past five games, and managing only one win in that period, again had their troubles against the last place Labatts.

Kelowna, who has held the Rovers just four runs in the last three encounters between the two clubs, Tuesday took a 2-1 lead in the third inning, and kept the margin until the fifth, when Rutland scored two unearned runs.

In the third, Bob Naka drove in both Murray Spanier and Jim Elko with a triple.

GET BACK ONE

In the bottom of the frame, losing pitcher Ken Levech, is sued a base on balls and gave up two hits to the Rovers, as Rutland got back one run.

Don Schneider led off the fifth with a walk, and Mickey Kroschinsky also took a base on balls, both scoring on an error to left fielder Jerry Keys.

Winning pitcher, Dave Kroschinsky, 4-0, went five and a third innings for the victory, before being relieved by Arnie Rath.

Kroschinsky gave up all seven Kelowna hits, while getting three batters on strikeouts and issuing two walks.

Levech, 1-5, gave up six hits and three walks, while getting three on strikeouts.

Tonight the Royals will be out to increase their lead over the Rovers to four points, when they play host to Vernon in King's Stadium at 7 p.m.

RIDERS MAKE TRADE

OTTAWA (CP) — Ottawa Rough Riders have traded light end Tom Pullen to Montreal Alouettes for negotiation rights to a former New York Giants quarterback, Gary Woods, it was announced today.

TERRY SAWCHUK IN ACTION

Terry Sawchuk, considered by many to be the greatest goalie of all time, died May

31 in New York of cardiac arrest. He's shown in 1951, top left, blocking puck with

skate; top right, stretching for a save in 1951; bottom left, on his pads in 1956 stop-

ping puck; bottom right, batting puck away in 1958. He played last year with the New

York Rangers. (AP Wirephoto)

Penticton Hosts Carlings Tonight In OMBL Contest

The Kelowna Carlings, with a seven game winning streak on the line, travel to Penticton tonight to face the second place Penticton Molsons in an Okanagan Mainline Baseball League contest.

The Carlings, who have twice defeated Penticton in their unbeaten surge which has lifted them into a 3 1/2 game advantage, may face a stiffer challenge tonight however, as the Molsons will have two-time New York Yankee draft choice Ken Carmack oppose them. The fireballing right-hander from Tacoma, Wash., will make his first start of the season, and will attempt to curb a three game Penticton losing streak, as well as a powerful Carling offence which has stung the ball at a .311 pace since it last lost.

But Kelowna will counter Penticton's starting choice with as equally brilliant a prospect in lefthander Glen Harkey who will make his second start after beating Penticton 11-4 Thursday in his debut.

The game will be the first of four straight road contests for the Carlings who trek to the Kootenays this weekend to face the three clubs in the interlocking West Kootenay League, Trail, Rossland and Grand Forks.

Midvalley Regains First Place In LL

LITTLE LEAGUE STANDINGS	W	L	Pts
Midvalley	9	3	18
Kinsmen	8	3	16
Legion	7	5	14
Monties	6	5	12
Lions	4	6	8
Black Knight	4	6	8
Bridge Service	4	8	8
Bruce Paige	3	9	6

MONDAY
Gerry Perrenault slammed two home runs and a single driving in six runs to lead Monties to a 13-1 slugfest win over Legion in a Little League game at Lions Park Monday.

Monties, which maintained their grip on fourth place in the eight team standings, collected 17 hits, including a third home run by Alex Guidi.

Meanwhile, in a battle of last place clubs at Robertson Park, Bridge Service scored a narrow 9-8 victory over Bruce Paige as Doug Beger went the distance on the mound for the win and knocked in three runs with a single and home run.

TUESDAY

Midvalley took over sole possession of first place in Little League standings Tuesday as the hitting of Dale Sisney led the leaders to an 11-6 victory over Lions at Lions Park.

Sisney slammed two doubles and a home run, while the Midvalley defence supported winning pitcher Allan Hawkins by turning over three double plays.

EQUESTRIAN TEAM

TORONTO (CP) — The Canadian equestrian team named five riders to its jumping team Tuesday and two others to the dressage team to compete in Europe this summer.

Named to the jumping team are Tom Gayford, Gormley, Ont., Jim Elder, Aurora, Ont., Jim Day, Oakville, Ont., and Barbara Simpson, Ont.

Christlott Hanson, Sharon, Ont., and Inez Fischer-Credo, People, Vancouver, make up the dressage team.

The teams will compete in Europe June 12-Aug. 9.

NHL MEETINGS

A's Charlie O. In Chase For Struggling Seal Team

MONTREAL (CP) — Controversial baseball owner Charles O. Finley's bid for the troubled Oakland Seals franchise threatened to jam today's already crowded schedule at the National Hockey League annual meetings.

Finley, owner of Oakland Athletics of baseball's American League, was to make his pitch to NHL governors today to take over the Seals for an estimated \$3,400,000.

Today's agenda is already crowded with the expansion draft in which two new clubs, Vancouver Canucks and Buffalo Sabres, will get 18 skaters and two goaltenders each for their \$6,000,000 entry fees.

Each of the 12 existing clubs is allowed to protect two goalies and 15 other players against the intrusion by the newcomers.

Other unfinished business includes meetings between the American Hockey League and the NHL to declare indemnification fees to be paid to the minor leagues for their displacement at Buffalo and Vancouver.

Still to be settled is the players-owner council agreement for this year. Alan Eagleson, the Toronto lawyer who is executive director of the NHL Players' Association, said Tuesday night the two sides "have reached preliminary agreement on several topics," but further discussion is necessary. He refused to elaborate.

COURT RULES RETURN

Finley's unheralded appearance here was prompted by a California Superior Court decision Tuesday in which Judge Robert Schnacke ruled that the Seals return to their original ownership—a group headed by Barry van Gerbig.

Van Gerbig sought permission to regain the club from Trans-National Communications, a New York firm in order to re-sell it to Finley.

The judge concurred, providing Finley could obtain permission to operate the franchise from the NHL governors.

Providence Reds of the AHL indicated confidence in Oakland's future when they renewed a one-year working agreement with the Seals Tuesday.

Tuesday's intra-league draft among the existing 12 clubs didn't stir much action. Fewer than 20 players were shuffled, with another four being drafted by Buffalo in the inter-league draft which followed immediately.

HARRIS TO STARS

Major move of the intra-league affair saw defenceman Ted Harris move from Montreal Canadiens to Minnesota North Stars. That indicated a further exchange was in the works between the two clubs following today's expansion work.

In addition to Harris, Montreal lost defenceman Paul Curitis to Los Angeles Kings. It brought to four the number of players the Kings have obtained in recent weeks from the Montreal organization's AHL farm club, the Voyageurs.

To draft Curitis, the Kings dropped centre Bill Inglis, a native of Pembroke, Ont. Inglis was claimed by Montreal and later went to Buffalo for \$30,000.

ALAN EAGLESON ... Important figure

in the inter-league draft. Other moves saw Toronto Maple Leafs draft Guy Trottier, a high-scoring centre with Buffalo Bisons, from New York Rangers. In return, the Leafs had to drop veteran right winger George Armstrong from his protected list, but there were no takers at the \$30,000 draft price.

Detroit Red Wings drafted former Canadian national team member Tom Martin from the Leafs, but later lost Gary Crockett to Oakland. Lowell MacLeau to Pittsburgh Penguins from Los Angeles Kings with the latter grabbing Craig Cameron in return.

Each club could lose only one player in the intra-league draft. Goaltenders and first-year professionals were exempt.

Earlier, NHL president Clarence Campbell said the league governors had agreed to recognize the referees and linesmen's association and that the group headed by senior referee Bill Friday will be able now to bargain for officials at all levels of professional hockey.

Previous failure by the league to recognize the officials' organization led to a strike by a number of officials last fall.

BABE RUTH WIN

Legion, behind the pitching and hitting of Mark Lang, shut out Kinsmen 13-0 in a Babe Ruth League game Monday.

MACS BEAT TEACHERS

Maca' Andy Blamell limited Teachers to three singles as his club scored a 6-3 victory in Senior C softball action Tuesday at Robertson Park.

Co-Favorites Brazil, England Set To Move Into Final Round

MEXICO CITY (AP) — Soccer's World Cup, billed as the greatest-ever festival of professional sport and international friendship, kicks friendship out of the window today and gets down to the business of sorting the men from the boys.

This is the critical stage of the Jules Rimet Trophy preliminary group matches, the stage where the nice guys don't even come second.

Of the 16 teams that came here for the World Cup finals, 11 still are uncertain of what the future holds. Those 11 include defending champion England and, despite two wins in its first two matches, former champion Brazil.

Only two teams are definitely through to the quarter-final round of eight teams that opens Sunday, West Germany and Peru. They meet today at nearby Leon in Group IV of the preliminary contests, and the only thing at stake is top spot for their group. The top two teams from each of the four preliminary groups advance to the quarter-finals.

In the quarter-finals, the winner of Group I plays the second-place team of Group II at Mexico City; the top side from Group II takes on the second-place finisher from Group I at Toluca; the winner of Group III plays the second of Group IV at Guadalajara; and the winner of Group IV goes against the second of Group III at Leon.

In other games today, El Salvador faces the Soviet Union in Group I, Sweden goes against Uruguay in Group II, and Brazil plays Romania in Group III. In the final games of group play Thursday, Belgium meets Mexico in Group I, Italy plays Israel in Group II, England goes against Czechoslovakia in Group III and Bulgaria is pitted against Morocco in Group IV.

CHANCE OF RAIN

The weather office in Mexico City said late Tuesday that today's soccer action would be played under cloudy skies, with a chance of rain for the El Salvador-Russia match here and the Sweden-Uruguay game at Puebla. Brazil and Romania clash at Guadalajara and West Germany and Peru at Leon.

Bulgaria and Morocco, with no chance of reaching the quarter-finals, meet Thursday for the sole purpose of salvaging a little dignity. If the Moroccan win, Bulgaria will go home from its second World Cup without a single point.

El Salvador has no chance of reaching the quarter-finals, but still can upset the apparent when it takes on the Soviet Union today.

Phillies' Misfortune Blessing-in-Disguise

By THE CANADIAN PRESS

Success continued to grow from misfortune for Philadelphia Phillies Tuesday night as Doc Edwards, an emergency replacement catcher, produced hits for the third game in a row helping the Phillies to a 2-1 National League win over Atlanta Braves.

Deprived of regular catchers through a rash of injuries, Philadelphia manager Frank Lucchesi was forced to dip into his bullpen and activate Edwards, a 32-year-old coach.

Edwards drove across both Philadelphia runs with a single Tuesday for his fifth hit in 11 at bats since joining the active roster last Saturday.

In other National League action Tuesday, Cincinnati Reds dropped Montreal Expos 6-4, New York Mets nipped Houston Astros 2-1, St. Louis Cardinals whipped Los Angeles Dodgers

FERGUSON JENKINS
... sixth win

4-0, Chicago Cubs downed San Diego Padres 7-3 and Pittsburgh

Pirates trimmed San Francisco Giants 5-1.

Earlier this year, Philadelphia catchers Tim McCarver and Mike Ryan both suffered broken hands in the same inning. The injury jinx hit their replacements as Mike Compton hurt his back and Del Bates his hand.

This opened the door for Edwards.

He not only singled in both runs Tuesday, but picked pinch runner Sonny Jackson off first base in the ninth inning.

The heroics haven't turned Edwards' head. "If I was the manager," he said, "I'd put McCarver and Ryan back as soon as I could."

"I'm relaxed. When this is over, I only have to travel back to the bullpen."

The Cardinals reached into the bullpen for Chuck Taylor, who made his first start after 21 relief appearances and shut out the Dodgers on five hits.

Lou Brock, Jose Cardenal and Joe Torre had two hits apiece for the Cards, who ended Claude Osteen's personal five-game winning streak.

SEAVEN HOT

Tom Seaver throttled Houston on three hits and pitched the Mets to their fifth straight victory over the Astros. Wayne Garrett homered for New York and Denis Menke connected for the Astros.

The victory was Seaver's first since May 15 and ended a four-game spin for the 1969 Cy Young Award winner.

Steve Blass halted an even longer dry spell, pitching Pittsburgh past San Francisco. It was his first victory since April

22—a seven week span in which he had lost seven games.

Willie Stargell hammered a two-run homer for the Pirates and Blass, 34, contributed a single and double as Pittsburgh beat Juan Marichal, 2-0.

Ferguson Jenkins pulled his record to 6-7 pitching the Cubs past San Diego. It was the third straight victory for the big right-hander from Chattanooga, Ont., who struck out 12 in eight innings.

Paul Popovich keyed a four-run Chicago first inning with a lead off homer.

REDS RAMPAGING

Cincinnati won its ninth in 10 games, beating Montreal and opening a 10-game bulge in the National League's West Division.

Clay Carroll choked off an Expo rally in the seventh inning and then Wayne Granger preserved the victory with two scoreless innings of relief, saving it for Gary Nolan, 7-2.

BASEBALL STARS

By THE ASSOCIATED PRESS

Batting—Willie Horton, Tigers, ripped three home runs, including a grand slam and drove in seven runs in Detroit's 8-3 rout of Milwaukee Brewers.

Pitching—Tom Seaver, Mets, twirled a three-hitter as New York downed Houston Astros 2-1.

London Man Makes Offer For Yankees

LONDON (AP) — Jerome D. Hoffman, president of a London investment company, confirmed today that he is going to try to buy the New York Yankees baseball team.

"We also want the real estate of the Yankee Stadium," he said.

Hoffman said he was leaving for New York today to meet with former mayor Robert Wagner before completing details of the offer to the Columbia Broadcasting System, which owns the American League team.

Hoffman is president of International Investors Group Service Ltd., which sells mutual funds. Wagner is chairman of the board.

CBS purchased the Yankees in 1964 for \$14,000,000. There have been rumors that the network would be willing to sell the team.

Asked how much his company was offering for the Yankees, Hoffman said: "No comment."

Tigers Willie Horton Slams Three HR's, Drives In Seven

By THE ASSOCIATED PRESS

Bob Lemon's managerial debut was a success Tuesday night as his Kansas City Royals downed Washington Senators 8-1 on a seven-hitter by Dick Drago, snapping a six-game losing streak.

Earlier in the day Lemon, the Royals' pitching coach and former star pitcher for Cleveland Indians, had been named manager. He replaced Charlie Metro after Kansas City had lost eight of nine and were tied for fifth place, 16½ games back of Minnesota Twins, West-Division leaders in the American League.

In other games, Willie Horton hit three home runs, including a grand slam, and drove in seven runs as Detroit Tigers ripped Milwaukee Brewers 8-3, New York Yankees topped Minnesota 5-2, California Angels stopped Baltimore Orioles 7-5 in 11 innings, Chicago White Sox beat Boston Red Sox 4-2 and Oakland Athletics trimmed Cleveland 5-2.

Drago got all the support he needed from Bob Oliver, who rapped three hits, a homer, a triple and a single. A four-run first-inning was keyed by Amos Otis' two-run triple. Oliver's triple and a sacrifice fly.

Horton ripped his grand slammer in the first, wiping out a 2-0 Brewers' lead, then connected for a two-run shot in the sixth and added his 10th of the year in the eighth, a solo blast, sending Milwaukee to its 15th consecutive road loss.

Stan Bahnsen scattered four hits and Gene Michael hit a tie-breaking sacrifice fly in the sixth inning to help the Yankees edge to within 4½ games of Baltimore, leaders in the East.

Bobby Murcer drove in a pair of runs for the Yankees with a two-run single off loser Jim Kaat. Bahnsen allowed a Leo Cardenas single which scored both Minnesota runs in the second.

Ken McMullen's leadoff homer in the 11th inning, helped the Angels gain a game on the Twins, whom they trail by two games.

Brooks Robinson had a solo homer in the seventh for the Orioles while starter Dave McNally, bidding for his 10th victory, slugged a two-run blast for Baltimore in the fifth.

Bill Melton ripped a pair of home runs and rookie right-hander Jerry Janesi, picked up his fifth victory as the White Sox snapped Boston's five-game winning string.

Janeski scattered seven hits, including Carl Yastrzemski's two-run homer, his 14th of the season.

Sal Bando drove in four Oakland runs with a homer, triple and single, helping Jim (Cal) Hunter pick up his ninth victory.

RAPID FALL

A census, taken in 1951, showed that the number of horses in Canada had fallen to 1,000,000 head. No other species had suffered such a fast decline.

STRAIGHT SHOOTERS TAKE MIXED TITLE

The Straight Shooters, bowled out of Meridian Lanes in Kelowna, took the Capozzi trophy as the city roll-off

mixed team champion, for the 1969-70 season. The team, consisting of, from left to right, Bob Guidi, Audrey Guidi,

Richard Kryger, Linda Morgan and Ward Stewart, was one of 23 teams in the city vying for the title.

Valiant After America's Cup eats Intrepid Twice Tuesday

FAMFORD, Conn. (AP) — Valiant evened the score Tuesday in the preliminary trials of America's Cup yachting

ridades, beating Intrepid 2-0 on Long Island Sound.

Valiant won the first race 10.8-mile course by one minute, 23 seconds, and she won the second race over a five-mile course by 10 seconds. Earlier failures and a few tactical errors had been costly to

It was a different story Tuesday. Valiant's skipper, Bob McCullough of Riverside, Conn., sailed his boat into a commanding position on the first leg in both races and Valiant played out ahead both times.

The third candidate for U.S. defence of the America's Cup, Heritage, arrived in Stamford Tuesday, completing a 1,400-mile trip from St. Petersburg, Fla., in 10 days. Heritage cruised under sail 95 per cent of the way up, arrived in good condition and her skipper, Charles E. Morgan, said she likely would be ready to race today.

The three candidates will finish this first series of races today.

Knudson, Balding Qualify For Open

DETROIT (CP-AP) — George Knudson and Al Balding, both of Toronto, Ont., qualified for the U.S. Open golf tournament in sectional play at the Detroit Golf Club's North Course Tuesday.

Knudson and Balding each carded a 142 aggregate for 38 holes of medal play, while Panasiuk shot a 143. Knudson and Balding each had a 73 for the first 18 holes and a 69 for the second round. Panasiuk was 74-69.

REMEMBER WHEN...

Paul Berlenbach scored a decisive 15-round win over Young Stribling 44 years ago today—in 1926—defending his world light-heavyweight boxing title in New York. Berlenbach lost the crown to Jack Delaney a month later.

ROD LAVER

Over Preparing for Third Straight

BRISTOL, England (AP) — Australian tennis ace Rod Laver, preparing to make his

for a third-straight Wimbledon title, crushed India's Jaid-Mukerjee 6-4, 6-2 and Marty Isen of Evanston, Ill., 6-2, 6-3 Tuesday in the 1st Open Championship.

The prestigious Wimbledon championships start June 22. John Newcombe of Australia, 7 Wimbledon champion, faced Tom Gorman of Seattle 6-4.

Swim Registration

begins On Monday

Swimming registration will begin Monday and continue through June 20 at the Kelowna Memorial Arena.

Centennial 11. Times for registration will be 9 a.m. to 5 p.m.

There will be four beginner swimming sessions this summer: June 29 to July 10, July 10 to July 27, July 27 to Aug. 10, and Aug. 10 to Aug. 21.

Red Cross classes will be held six times a week, either Monday, Wednesday, Friday, or Saturday, depending on junior, intermediate or senior classification.

Division classes are set every 11 a.m. to noon, and will be held Mondays and Wednesdays for girls, Tuesdays and Thursdays for boys.

Announcement ROCKY MOUNTAIN SPA LTD. proudly announces the start of development of "SPOTTED LAKE"

located in the Richter Pass portion of the main highway No. 3 linking Osoyoos with Keremeos, Princeton, Hope and Vancouver.

A SCALE MODEL OF THE SPOTTED LAKE HEALTH SPA HAS BEEN DRAWN UP AND IS ON DISPLAY AT THE OFFICE OF THE FIRM IN OSOYOOS

The initial phase will consist of the construction of a complex that will house a number of mineral bathing pools varying in size and depth. Each pool having a different concentration of minerals and temperature to better serve the individual's needs.

Complete dressing room facilities, showers, lounge area and light lunch services will be available from the start. Present plans are to add a plastic dome that will cover the entire pool area and with this addition the pools will be in service the year around thus opening the doors to winter tourist attractions in the area.

Further construction will continue after the initial phase is completed. Phase two calls for the building of a HEALTH SPA, completely equipped with up-to-date and modern equipment, under the supervision of qualified Naturopathic Physicians. This HEALTH SPA will become world renowned.

Phase three will be the construction of a LODGE. This will offer accommodation to those visiting the HEALTH SPA and also to those seeking a retreat for complete rest and relaxation. The LODGE will create an environment free from noise, with clean fresh air in beautiful surroundings, and with all the services available.

A complete HEALTH CENTRE having full services and using the proven products of SPOTTED LAKE, is the goal. Processed products will be available to all those wishing to use them for a Home Remedy.

LIONS CLUB EXECUTIVE

The Rutland Lions Club held their installation banquet and dance Saturday at the Rutland Community Hall to honor the incoming officers for 1970-71. Bottom row, from the

left, Gerald Woodward, secretary; Don Braund, second vice-president; Dave Zimmer, first vice-president; Ab North, past president; John Ivens, incoming president; Peter

Bohn, lion tamer; Howard Johnson, third vice-president; Roy Tanemura, zone chairman. Top row, Kaz Hayashi, director; Orv Charlton, treasurer; Kelly Slater, director; Al Fennig, director; Ed Hoffman, director; Ken Preston, tail twister. (Lynne Yeudall Photo)

PEACHLAND BRIEFS

Second World War Regiment Has Reunion; 200 Attended

Mr. and Mrs. Art Kopp drove to Cranbrook during the weekend to attend the reunion of the Canadian Scottish regiment, the outfit Mr. Kopp served with during the Second World War. They reported an excellent turn out with more than 200 men and their wives in attendance, and hot weather for the reunion which included church parade, banquet, dance and a breakfast Sunday morning.

Recent guest at the home of Mr. and Mrs. C. O. Whinton was Robert Wells who has been teaching this past term in San Francisco. He spent a few days at the Whintons' before leaving for his home in Wilmington, Del., accompanied by Roland Whinton.

Mr. and Mrs. C. C. Heighway celebrated their 55th wedding anniversary last week at the home of their daughter and son-in-law, Mr. and Mrs. C. O. Whinton on Whinton Crescent. The day was celebrated quietly with several close friends stopping in for tea. The Heighways' many friends in the community and district sent cards and congratulations to mark the occasion.

Recent guests at the home of

Mr. and Mrs. John Hinter, Mount Vernon Avenue, were their son and family, Mr. and Mrs. John Hinter from Haney, B.C.

C. O. Whinton left Friday for Kitimat where he will visit his daughter and son-in-law, Mr. and Mrs. W. Dammell and new grandson.

Four guides from first Peachland Guide Company travelled recently to Wenatchee, Wash., on an exchange visit, while camp fire girls in that city made the return visit. From Peachland were Maureen Van Spronson, Renée Timms and Marilyn and Sandra Wagner.

Last week saw the wind up social activities of the first Peachland Guide Company for the season. These included an overnight campout at the property of Peachland Guide Company captain Mrs. Art Kopp, which concluded with a trip to the Okanagan Game Farm, and a cook-out and swimming party at Deep Creek. All these activities were enjoyed by the girls, who, with the exception of the guides who are attending camp in August, will not formally meet again for guide activities until September.

Manpower And Immigration Moving Office To Kamloops

Economists of the department of Manpower and Immigration, serving the North Central and Okanagan/Kootenay districts of B.C., have moved into a joint office at Kamloops.

Located in the new centre of office are Dave Roussel, economist of the Okanagan/Kootenay district and Dave Inray, economist of the North Central district.

Pacific regional economist S. Lawrence Young said the move, effective June 1, was designed "to broaden and make more effective the services of the economists in their districts."

The economists' basic responsibility is to provide information and make labor market analyses to assist in forming the base for establishing objectives and programs. It is expected a third economist will be located in Kamloops in the next fiscal year.

Mr. Roussel was previously located at Penticton and at Victoria where he served as econo-

mist for the Vancouver Island district.

Mr. Inray joined the department at London, Ontario, and recently transferred to the Pacific region.

WINS MEDAL
VANCOUVER (CP) — Donna Marie Depaulis, 21, has won the gold medal for highest standing in general proficiency in the three-year course at the Vancouver General School of Nursing.

RUTLAND SOCIALS

RUTLAND—Pastor and Mrs. Edward Edstrom from Walla Walla College are visiting his parents, Mr. and Mrs. E. A. Edstrom.

Visiting her parents, Mr. and Mrs. Norman Elmhorst, were Mr. and Mrs. Horst Horgang from Lacombe, Alta.

Guests of Mr. and Mrs. Burton Weiss are Mr. and Mrs. Robert Worthy and family from Sutherlin, Ore.

Mr. and Mrs. Edwin Koop-

mans are enjoying a visit from Mrs. Koopmans' mother, Mrs. Muriel Gustavsen from Saskatoon.

Mr. and Mrs. August Beck were happy to have a visit from their daughter and her family, Mr. and Mrs. D'Arcy Lidstone from Edmonton.

From Calgary came Maurima Hack to visit her parents, Mr. and Mrs. Arnold Hack.

Guest speaker for the Okanagan Academy graduation was Robert H. Brown, Ph.D., from Walla Walla College. Dr. Brown has been vice-president of student affairs at the college. He is leaving for Union College, Lincoln, Neb., where he will be president.

Mrs. Muriel Huber and son, Mark, are visiting friends in the Okanagan. Mrs. Huber was a former Okanagan Academy teacher.

B.C. Delegation Has MPs Tangling

OTTAWA (CP) — MPs tangled verbally Tuesday night with a delegation from the Vancouver Board of Trade in discussion about government tax-change proposals.

Two of the six members of the Commons finance committee present charged that part of the Vancouver board's evidence against the tax proposals was misleading.

Bruce Howard (L—Okanagan Boundary) and John Burton (NDP—Regina East) both criticized evidence which showed Canadians would pay thousands of dollars more a year in taxes than United States taxpayers if proposals in the federal tax white paper were instituted.

Vancouver accountant Derek H. Parkinson, chairman of the trade board's tax committee, said their comparisons were no more misleading than those in the government's own tax white paper.

GIRLS' PICNIC

OKANAGAN MISSION — The Okanagan Mission Girl Guides and Brownies mother and daughter picnic will be held on Thursday from 5:30 p.m. to 8 p.m., at the Dorothea Walker school. The girls are going to bring their own picnic lunch with ice cream provided. There will be games and fun for all.

Okanagan Conservationist Target For BCFGA Leader

BCFGA president Allan Claridge has defended Okanagan growers in the phasing-out of DDT.

Refuting statements made earlier this week by Summerland orchardist and conservationist Alf Kohlhauser, Mr. Claridge said BCFGA figures show a dramatic decline in DDT counts.

Mr. Kohlhauser was reported to have said the phase-out is "hogwash."

Mr. Kohlhauser had said the only phasing out that had been done was the removal of DDT from the spray calendar.

He said he had attempted to present a brief in support of banning DDT at the BCFGA in Vernon in January, but had been cut off in the middle of the presentation.

Mr. Claridge said today that Mr. Kohlhauser had been granted "far more than the average

ALLAN CLARIDGE
... not hogwash

Ex-Scouts Still Plan

RUTLAND — The Rutland Boy Scout reunion committee met to review progress and learned return cards are coming in from 150 sent out to former members of the troop, but in fewer numbers than anticipated. Delays in the postal service may be slowing deliveries.

Returns from more distant points are coming in faster than from ex-members in the immediate area.

The committee urges local ex-scouts who have received cards to reply as soon as possible to aid final banquet arrangements.

Among cards received from outside points has been one from Dennis Reid, of Quesnel, who said:

"Great idea, and will be great to see you all again."

An interesting letter was read from Peter Acland, a former member of the troop, who served in the armed forces in many parts of the world, and is now stationed at the coast.

He has been active in the Boy Scout movement almost continuously in many parts of Canada. Unfortunately he will be on duty and unable to attend.

A card from D. H. (Pi) Campbell, former principal of the Rutland schools, and at one time active with Cubs and Scouts while here, promised to attend.

Mr. Campbell is now a district superintendent in the Southern Okanagan area.

use, "but we will not run for cover and plead guilty to the great array of ridiculous charges being levied at agriculture by the uninformed."

Canada has the world's second most favorable food-to-income balance "because farmers in this country, generally speaking, are responsible people who are not interested in spoiling our environment or poisoning our customers," Mr. Claridge said.

National Ballet Granted \$435,000

OTTAWA (CP) — The National Ballet has received a \$435,000 grant from the Canada Council for the 1970-71 season, the largest of a series announced Monday.

Grants to 10 major arts organizations totalled \$2,096,710. The Stratford Shakespearean Festival received \$365,000 and the Canadian Opera Company \$308,000. The company plans to tour Ontario and the western provinces this year. Les Grands Ballets Canadiens received \$210,000 for a season which will include visits to Quebec City and Ottawa. Other French-language groups getting assistance were Le Theatre du Rideau Vert of Montreal, \$180,000, and Les Jeunesses Musicales du Canada, \$135,000.

The Vancouver Opera got \$90,000 for three productions planned this season.

NEW POACHER
MINDEN, Ont. (CP) — Conservation officer Austin Henderson says he has a problem with a new type of poacher. While checking the pickered run a nearby Fenelon Falls he saw large black Labrador retriever walk into the water and grasp pickered in his mouth even though the season hadn't opened yet.

FAILURES DROP
HALIFAX (CP) — More than 27,000 cars have been removed from Nova Scotia highway since the provincial government enacted compulsory automobile inspection legislation three years ago, says D. J. Tully, registrar of motor vehicles. He said that in the first year, the rate was 65 failures to 35 passes, but since then it has been reversed to 55 passes and 45 failures.

DATSUN 1600 PICKUP

the most misunderstood truck in the country

We built the Datsun 1600 pickup to be a tough, rugged, no-nonsense, hard-working tool. Fine. A lot of people bought it for just that. But a lot of other people bought it and they don't use it for work. They use it for play.

We put a sturdy 96 horse engine in it because a working truck needs lots of power. We designed it to haul a ton, because a working truck should be able to handle heavy loads. It gets up to 30 miles

to the gallon, because a working truck should be economical to operate. And it handles like a nifty little car because there's no reason why a truck that wears like a tank should handle like a tank. We built North America's number-one selling imported truck to work for its living - and they're out there living a life of pleasure.

Where did we go wrong?

CNIB Picnic Attracts 80

The annual picnic of the Okanagan branch of the Canadian National Institute for the Blind was held June 8 at Wood Lake with more than 80 people attending.

A cold plate dinner was served and entertainment was provided by the George Elmer secondary school band.

The announcement that Clarence Hembling, president of the Okanagan White Cane Club, had been appointed to the board of directors of the CNIB was made.

A decision was made to hold future meetings of the club in the afternoon rather than in the evenings, to avoid long trips at night by members coming from throughout the Valley.

QUEEN VISITS
OTTAWA (CP) — Maj. C. Gordon Bristowe, 34, of Vernon, B.C. will serve as Canadian escort to Queen Elizabeth on the royal tour July 5-15.

Maj. Bristowe, a member of the Fort Garry Horse, leaves June 19 for London and returns to Canada ahead of the Queen accompanying Prince Charles July 2.

FIRST BRITISH CURRENCY CONSISTED OF IRON BARS EACH 2 FEET LONG AND WEIGHING ABOUT A POUND

AMERICAN CHAMELEON, WHEN PURSUED, CAN PAUSELESSLY SEVER ITS TAIL, WHICH WRIGGLES ABOUT ON THE GROUND—DISTRACTING THE PREDATOR

TRY AND STOP ME

By Bennett Cerf

A BEAUTIFUL but dim-witted blonde, named as correspondent in a divorce case, wriggled in her chair under a rigorous cross-examination. "Ah hah," thundered the wife's lawyer. "You admit then that you spent a weekend at a motel with this man?" "I guess I did," stammered the now thoroughly flustered blonde, "but it wasn't my fault. He deceived me completely. He told the clerk at the reception desk I was his wife."

Motorists who complain about traffic jams in the U.S.A. just don't know how lucky they are—that is, in comparison with harassed auto-owners in Britain. The English have 59 vehicles for every mile of road against only 28 in our country. Not only are English roads sparse, but the great majority are narrow, winding, and outdated. Poet G. K. Chesterton maintained angrily that they had been laid out by "a rolling English drunkard."

KAMPUS KURUTS:
1. "Who is that bedraggled beggar tottering over there?"
2. "That's the head of a government economics committee who put his theories to a practical test in the stock market."
3. She: "I'll have you know I'm a woman; nature's crowning piece of architecture. And you?"
He: "I'm a building inspector."

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
I S D O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. The words letter, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

What-And What Not-To Do For Snakebite

By George C. Thosteson, M.D.

Dear Dr. Thosteson: Could you give me the correct procedure for a snakebite?—Mrs. J.T.

If a doctor is not available:

- 1—Keep the victim quiet. Activity spreads the venom.
- 2—Apply a cloth or pressure band, three to six inches above the bite. Some purists object to calling it a tourniquet, as the intent is not to shut off all blood flow (as with a severe wound). But use a belt, rope, scarf, or whatever is handy, drawing it tight enough to shut off circulation in the veins which, generally speaking, are closer to the surface than the arteries. You don't want to shut off blood flow to the bitten extremity; you do want to retard the return circulation, in the veins and lymph, from spreading through the body. Loosen the cinch for a minute or two out of each 15 minutes.

3—Cutting the skin at the site of the bite, small cuts an eighth to a quarter-inch long, promotes bleeding, and washing out some of the venom. Sterilize the knife by holding it in a match flame or wiping it with alcohol. Whisky or gin will do.

4—Do not give whisky or any alcoholic drink to the victim.

5—Remove venom by gentle squeezing and suction. Snakebite kits contain suction cups for this; or you can suck the wound and spit out the venom. (But not if you have an open wound in the mouth, of course.)

6—Take the victim to a doctor or hospital. Carry him to the car. If he has to walk, have him do so slowly.

Poisonous snakebites, if treated within two hours, have a good prospect of less severe reactions.

When medical care is reached, the "three A's" are the essentials: antivenin; antibiotics; anti-tetanus injections.

Application of ice or cold compresses is not recommended.

Alaska, Hawaii, and Maine are the only states without venomous snakes. I'm told. In general, rattlesnakes, copperheads, and cottonmouths account for 90 per cent of the bites. The small but dangerous coral snake is in the Southeast and Southwest.

For non-poisonous snakebites—these are usually harmless—simple cleaning of the area is all that is necessary.

Prevention: wear high boots and heavy trousers. And don't probe under logs, in rock piles, and such places with bare hands.

Carry a snakebite kit in known snake areas.

Dear Dr. Thosteson: My mother who lives with us refuses to drink our water until it has been boiled. We have extremely hard water. She believes the minerals will coat her

intestines, much as minerals form in the teakettle and water pipes. Is she right? She feels that the medical profession will soon "discover" this.—M.W.

No, she's wrong. Her innards are not like the bottom of a teakettle. They keep moving and carrying everything along.

It may not do any good, but you might ask her whether she acquires a "mineral coating" on her skin from taking baths in hard water.

Dear Dr. Thosteson: A friend advised me about a new process for removing scars from the face which is widely used in Europe. It involves removing the top layer of skin and waiting six weeks until a new layer replaces it. I have several conspicuous chickenpox scars. Do you think this process would benefit me?—Mrs. A.L.B.

Sounds like "skin-planing," which isn't confined to Europe, but has been in use for years here. It is fine for relatively superficial scarring. Its limitation is that it can't correct pitting. See a dermatologist or a plastic surgeon, but don't be disappointed if he says this process won't do much for you.

Dear Dr. Thosteson: If bubble bath is used every time in a child's bath, will it cause a urinary infection? I have been told that it might.—S.M.

It can cause irritation in the genital region, not necessarily urinary tract infection. But irritation can open the way to infection if any harmful germs invade the same area. Or the irritation alone can be associated with a burning sensation on urination.

Note to Mrs. B.W.: There is some indication that there is a slightly greater risk, when taking the birth control pills, of developing phlebitis (inflammation of veins), and your doctor, relying on the percentages of safety, therefore told you to stop using "the pill." With your past history of phlebitis, I would have told you the same thing.

Imperial Bank Reports Profit

MONTREAL (CP) — Canadian Imperial Bank of Commerce reports net profit of \$19,024,722 or 54.6 cents a share for the six months ended April 30, compared with \$16,579,981 or 47.5 cents in the same period last year.

Gross revenue was \$387,775,092, up from \$299,467,846 a year earlier. Gross expenditures were \$316,150,370, up from \$244,287,865.

CONTRACT BRIDGE

By B. JAY BECKER
(Top Record-Holder in Master's Individual Championship Play)

West dealer.
Both sides vulnerable.

NORTH			
♠ A 10 9 2			
♥ 8 7 2			
♦ A 7			
♣ K 8 4 3			
EAST			
♠ K 7			
♥ 10 5 4			
♦ K J 8 6 5 3			
♣ A Q			
SOUTH			
♠ Q J 5			
♥ A K Q J 6 3			
♦ 9 4			
♣ J 7			

The bidding:

West	North	East	South
Pass	Pass	1♦	1♥
Pass	2♦	Pass	3♥
Pass	4♥		

Opening lead — two of diamonds.

A cuebid of the opponent's suit is an all-purpose weapon that varies greatly in meaning, depending on the circumstances in which it is used. It may signify interest in a game or slam; it may be lead-directing; it may be simply a waiting bid to force partner to reveal his hand.

Consider North's two diamond bid after East opens with a diamond and South overcalls with one heart. North has passed a hand that is nearly an opening bid and he certainly wants to tell partner the glad tidings by making a strong bid of some kind.

A raise to two hearts, or even three hearts, would not accurately describe the nature of his hand, particularly the indifferent trump support. A jump to two notrump, with only one diamond stopper is equally unattractive. The cuebid is likely to do the job best, since it forces South to reveal both the nature and strength of his overcall.

South is of course delighted to invite a game by jumping to three hearts, and North naturally bids four when he learns that South has very good hearts.

There is not much to the play, provided South takes the precaution of following low from dummy on the diamond lead. East wins with the king, but, whatever he returns, South makes ten tricks after drawing trumps and losing the spade finesse to East.

If declarer makes the mistake of going up with the ace of diamonds at trick one, he can be defeated with proper defense by East-West. At one stage or another West would take the lead with a diamond, at which point a club return through dummy's king would put the contract down one.

YOUR HOROSCOPE

FOR TOMORROW

Despite good stellar aspects now governing personal relationships, some restrictions are imposed by other influences. Notably, a need for care in all correspondence and communications generally; also in finances. Neither is this a good period for launching new enterprises.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope presents a most intriguing outlook for the next 12 months—especially where your occupational interests are concerned. Actually, you should have been feeling the benefits of fine stellar influences governing this area of your life for the past month but, whether or not, you will see a definite upturn in these affairs during July—especially if you capitalize on your innate originality and ingenuity. Progressive ideas for advancement will be well entertained during that month also in late October—both corresponding to a most increased prestige. Other good periods on the job front: September, late December, next January and March.

Most auspicious periods along financial lines: The first three weeks of July, when you may be the recipient of an unexpected "windfall"; the 6-week period beginning on Dec. 23 and the entire month of next March. Do be conservative in managing monies for the balance of 1970, however, and, above all, do not even consider speculating in July, August, October or November.

On the personal score, you will find that your most propitious periods for sentimental interests will include the weeks between now and Aug. 15 (with this month outstanding!), October, late December, February and April; for travel: July, August, early October and the first three months of 1971. If careful to avoid friction in close circles during the first three weeks of December, you should find your domestic concerns unusually serene for most of the forthcoming year. A child born on this day will be endowed with the talents required to succeed as a composer, educator or writer—especially in any of the communications media.

SALES DROP EVEN AT MINT

OTTAWA (CP) — Sales are dropping even in the money business, the annual report of the Royal Canadian Mint tabled in the Commons Tuesday shows.

The mint's numismatic section reports that its 1969 sales of uncirculated coin sets were the lowest since 1962.

Collectors and dealers picked up 326,000 sets in 1969, compared with 522,000 in 1968—the 60th anniversary of the mint—and 562,000 centennial sets in 1967.

The peak year for coin sales was 1965, when 2,904,000 sets were sold.

The mint sold \$537,315 in silver dollars in 1969. Values of other coins ranged to \$3,274 in one-cent pieces.

Food Price Reversal Cuts Index

OTTAWA (CP) — Reversal of a sharp April increase in food prices brought the consumer price index down one-tenth of an index point last month to 129.6 from 129.7.

A finance department spokesman described the announcement by the Dominion Bureau of Statistics Tuesday as good news in all respects.

Not only did food prices decline but other sectors of the consumer price index behaved well—with the exception of housing—on a seasonally-adjusted basis computed by the finance department.

A member of the federal prices and incomes commission also said the index decline reflected some success in talking industry into holding prices down.

The commission now is getting regular reports from wholesalers and retailers showing their compliance with the vertical index of holding prices increases below cost increases. Profit margins are being squeezed.

DBS reported that food prices declined nine-tenths of one per cent last month. They had risen eight-tenths of one per cent in April. The overall index last month was 3.8 per cent higher than in May last year. This is the smallest 12-month increase since February, 1969.

But housing costs continued to rise last month, and were five per cent higher than a year earlier.

Officials describe this sector of the over-all index as the slowest one to react to lowered costs. High interest rates on mortgages are quickly reflected in new house prices, but lower rates are slow in moving the index down.

Critics Are King To Tuesday's

STRATFORD, Ont. (CP) — With few exceptions, critics were kind Tuesday to the Stratford Festival opening performance of The School for Scandal by 18th-century English playwright Richard Sheridan.

Several pronounced it the hit of the season, and the season is just two days old.

What they said:

Stewart Brown, *Hamilton Spectator*: The School for Scandal stood revealed as a savory morsel, a grade-A, first-class-honors comedy hit that should be a box-office smash for the confirmed and unconfirmed theatre-goer.

Peter Bellamy, *Cleveland Plain Dealer*: It would entice a graven image to prolong a laughter. (The screen scene) . . . is a comedy triumph.

Jacob Sklad, *Montreal Gazette*: However you may disagree with Michael Langham's conception of School for Scandal, you cannot but be captivated. . . . This is not a show that will please everyone, though it will certainly entertain most.

Herbert Whitaker, *Toronto Globe and Mail*: . . . A meticulous, impeccable and entirely delicious production. . . . It holds us rapt, wins our laughter and makes its point with the same kind of impact that it must have had originally at Drury Lane.

William Glover, *The Associated Press*: . . . The School for Scandal is polished up with boldly fresh cleverness. . . . Much of the concept's effectiveness results because innovation sneaks subtly into the performance.

Elliot Norton, *Boston Record-American*: In this Canadian show . . . the principals, acting at the top of their bent under Michael Langham's inventive direction, (the screen scene) is as freshly funny as the newest Neil Simon prank.

Hijack Attempt Foiled By Crew

WARSAW (Reuters) — Police arrested two armed Poles who tried to hijack a Polish passenger plane to Vienna Tuesday night, the official news agency PAP reported today.

It said the two hijackers tried to force their way into the flight deck of a twin-engine turboprop plane, but the crew foiled the hijack.

DOLLAR DAY

3 DAYS THURSDAY, FRIDAY, SATURDAY

Women's Wear
